

AMENDED IN ASSEMBLY MAY 3, 2016

AMENDED IN ASSEMBLY APRIL 11, 2016

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

## ASSEMBLY BILL

**No. 1568**

---

**Introduced by Assembly Members Bonta and Atkins**

January 4, 2016

---

An act to add ~~Section 14086.5 to, and to add~~ Article 5.5 (commencing with Section 14184) to Chapter 7 of Part 3 of Division 9 of, the Welfare and Institutions Code, relating to Medi-Cal, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

### LEGISLATIVE COUNSEL'S DIGEST

AB 1568, as amended, Bonta. Medi-Cal: demonstration project.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income persons receive health care benefits and services. The Medi-Cal program is, in part, governed and funded by federal Medicaid Program provisions. Existing law provides for a demonstration project, known as California's "Bridge to Reform" Medicaid demonstration project, under the Medi-Cal program until October 31, 2015, to implement specified objectives, including better care coordination for seniors and persons with disabilities and maximization of opportunities to reduce the number of uninsured individuals.

Existing law establishes the Medi-Cal Hospital/Uninsured Care Demonstration Project Act, which revises hospital supplemental payment methodologies under the Medi-Cal program in order to maximize the use of federal funds consistent with federal Medicaid law and to stabilize

the distribution of funding for hospitals that provide care to Medi-Cal beneficiaries and uninsured patients. This act provides for funding, in supplementation of Medi-Cal reimbursement, to various hospitals, including designated public hospitals, nondesignated public hospitals, and private hospitals, as defined, in accordance with certain provisions relating to disproportionate share hospitals.

Existing law establishes both of the following continuously appropriated funds to be expended by the department:

(1) The Demonstration Disproportionate Share Hospital Fund, which consists of federal funds claimed and received by the department as federal financial participation with respect to certified public expenditures.

(2) The Public Hospital Investment, Improvement, and Incentive Fund, which consists of moneys that a county, other political subdivision of the state, or other governmental entity in the state elects to transfer to the department for use as the nonfederal share of investment, improvement, and incentive payments to participating designated public hospitals, nondesignated public hospitals, and the governmental entities with which they are affiliated, that provide intergovernmental transfers for deposit into the fund.

Existing law requires the department to seek a subsequent demonstration project to implement specified objectives, including maximizing federal Medicaid funding for county public hospitals health systems and components that maintain a comparable level of support for delivery system reform in the county public hospital health systems as was provided under California's "Bridge to Reform" Medicaid demonstration project.

This bill would establish the Medi-Cal 2020 Demonstration Project Act, under which the department is required to implement specified components of the subsequent demonstration project, referred to as California's Medi-Cal 2020 demonstration project, consistent with the Special Terms and Conditions approved by the federal Centers for Medicare and Medicaid Services.

The bill would distinguish which payment methodologies and requirements under the Medi-Cal Hospital/Uninsured Care Demonstration Project Act apply to the Medi-Cal 2020 Demonstration Project Act. The bill would, in this regard, retain the continuously appropriated Demonstration Disproportionate Share Hospital Fund, which will continue to consist of all federal funds received by the department as federal financial participation with respect to certified

public expenditures, and would require moneys in this fund to be continuously appropriated, thereby making an appropriation, to the department for disbursement to eligible designated public hospitals. The bill would provide for a reconciliation process for disproportionate share hospital payment allocations and safety net care pool payment allocations that were paid to certain designated public hospitals, as specified.

The bill would require the department to implement the Global Payment Program (GPP), under which GPP systems, as defined, would be eligible to receive global payments that are calculated using a value-based point methodology, to be developed by the department, based on the health care they provide to the uninsured. The bill would provide that these global payments payable to GPP systems are in lieu of the traditional disproportionate share hospital payments and the safety net care pool payments previously made available under the Medi-Cal Hospital/Uninsured Care Demonstration Project Act. The bill would establish the Global Payment Program Special Fund in the State Treasury, which would consist of moneys that a designated public hospital or affiliated governmental agency or entity elects to transfer to the department for deposit into the fund as a condition of participation in the program. The bill would provide that these funds shall be continuously appropriated, thereby making an appropriation, to the department to be used as the nonfederal share of global payment program payments authorized under California's Medi-Cal 2020 demonstration project.

The bill would require the department to establish and operate the Public Hospital Redesign and Incentives in Medi-Cal (PRIME) program, under which participating PRIME entities, as defined, would be eligible to earn incentive payments by undertaking specified projects set forth in the Special Terms and Conditions, for which there are required project metrics and targets. The bill would require the department to provide participating PRIME entities the opportunity to earn the maximum amount of funds authorized for the PRIME program under the demonstration project. The bill would retain the continuously appropriated Public Hospital Investment, Improvement, and Incentive Fund for purposes of making PRIME payments to participating PRIME entities. The Public Hospital Investment, Improvement, and Incentive Fund would consist of moneys that a designated public ~~hospital~~, *hospital* or affiliated governmental agency or entity, or a district and municipal ~~hospital~~, or *hospital*, or ~~affiliated public hospital-affiliated~~ governmental agency

or entity, elects to transfer to the department for deposit into the fund. The bill would provide that these funds are continuously appropriated, thereby making an appropriation, to the department to be used as the nonfederal share of PRIME program payments authorized under California's Medi-Cal 2020 demonstration project.

The bill would require the department to establish and operate the Whole Person Care pilot program, under which counties, Medi-Cal managed care plans, and community providers that elect to participate in the pilot program are provided an opportunity to establish a new model for integrated care delivery that incorporates health care needs, behavioral needs, and social support, including housing and other supportive services, for the state's most high-risk, high-utilizing populations. The bill would establish Whole Person Care Pilot Special Fund in the State Treasury, which would consist of moneys that a participating governmental agency or entity elects to transfer to the department as a condition of participation in the pilot program. The bill would provide that these funds shall be continuously appropriated, thereby making an appropriation, to the department to be used to fund the nonfederal share of any payments of Whole Person Care pilot payments authorized under California's Medi-Cal 2020 demonstration project.

The bill would require the department to implement the Dental Transformation Initiative (DTI), under which DTI incentive payments, as defined, within specified domain categories would be made available to qualified providers who meet achievements within one or more of the project domains. The bill would provide that providers in either the dental fee-for-service or dental managed care Medi-Cal delivery systems would be eligible to participate in the DTI.

The bill would require the department to conduct, or arrange to have conducted, any study, report, assessment, evaluation, or other similar demonstration project activity required under the Special Terms and Conditions. The bill, in this regard, would require the department to amend its contract with its external quality review organization to complete an access assessment to, among other things, evaluate primary, core specialty, and facility access to care for managed care beneficiaries, as specified. The bill would require the department to establish an advisory committee to provide input into the structure of the access assessment, which would be comprised of specified stakeholders, including representatives from consumer advocacy organizations.

The bill would provide that these provisions shall be implemented only to the extent that any necessary federal approvals are obtained and federal financial participation is available and is not otherwise jeopardized. The bill would require the department to seek any federal approvals it deems necessary to implement these provisions during the course of the demonstration term.

The bill would authorize the department to implement the Medi-Cal 2020 Demonstration Project Act by means of all-county letters, provider bulletins, or other similar instructions without taking regulatory action.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote:  $\frac{2}{3}$ . Appropriation: yes. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1     ~~SECTION 1. Section 14086.5 is added to the Welfare and~~  
2     ~~Institutions Code, to read:~~  
3     ~~14086.5. (a) Within 90 days of the effective date of the act~~  
4     ~~that added this section, the department shall amend its contract~~  
5     ~~with the external quality review organization (EQRO) currently~~  
6     ~~under contract with the department and approved by the federal~~  
7     ~~Centers for Medicare and Medicaid Services to complete an access~~  
8     ~~assessment. This one-time assessment is intended to do all of the~~  
9     ~~following:~~  
10    ~~(1) Evaluate primary, core specialty, and facility access to care~~  
11    ~~for managed care beneficiaries based on the current health plan~~  
12    ~~network adequacy requirements set forth in the Knox-Keene Health~~  
13    ~~Care Service Plan Act of 1975 (Chapter 2.2 (commencing with~~  
14    ~~Section 1340) of Division 2 of the Health and Safety Code) and~~  
15    ~~Medicaid managed care contracts, as applicable.~~  
16    ~~(2) Consider State Fair Hearing and Independent Medical~~  
17    ~~Review (IMR) decisions, and grievances and appeals or complaints~~  
18    ~~data.~~  
19    ~~(3) Report on the number of providers accepting new~~  
20    ~~beneficiaries.~~  
21    ~~(b) The department shall submit to the federal Centers for~~  
22    ~~Medicare and Medicaid Services for approval the access assessment~~  
23    ~~design no later than 180 days after approval by the federal Centers~~

1 ~~for Medicare and Medicaid Services of the EQRO contract~~  
2 ~~amendment.~~

3 ~~(e) The department shall establish an advisory committee that~~  
4 ~~will provide input into the structure of the access assessment. The~~  
5 ~~EQRO shall work with the department to establish the advisory~~  
6 ~~committee, which will provide input into the assessment structure,~~  
7 ~~including network adequacy requirements and metrics, that should~~  
8 ~~be considered.~~

9 ~~(d) The advisory committee shall include one or more~~  
10 ~~representatives of each of the following stakeholders to ensure~~  
11 ~~diverse and robust input into the assessment structure and feedback~~  
12 ~~on the initial draft access assessment report:~~

13 ~~(1) Consumer advocacy organizations.~~

14 ~~(2) Provider associations.~~

15 ~~(3) Health plans and health plan associations.~~

16 ~~(4) Legislative staff.~~

17 ~~(e) The advisory committee shall do all of the following:~~

18 ~~(1) Begin to convene within 60 days of approval by the federal~~  
19 ~~Centers for Medicare and Medicaid Services of the EQRO contract~~  
20 ~~amendment.~~

21 ~~(2) Participate in a minimum of two meetings, including an~~  
22 ~~entrance and exit event, with all events and meetings open to the~~  
23 ~~public.~~

24 ~~(3) Provide all of the following:~~

25 ~~(A) Feedback on the access assessment structure.~~

26 ~~(B) An initial draft access assessment report.~~

27 ~~(C) Recommendations that shall be made available on the~~  
28 ~~department's Internet Web site.~~

29 ~~(f) The EQRO shall produce and publish an initial draft and a~~  
30 ~~final access assessment report that includes a comparison of health~~  
31 ~~plan network adequacy compliance across different lines of~~  
32 ~~business. The report shall include recommendations in response~~  
33 ~~to any systemic network adequacy issues, if identified. The initial~~  
34 ~~draft and final report shall describe the state's current compliance~~  
35 ~~with the access and network adequacy standards set forth in the~~  
36 ~~Medicaid Managed Care proposed rule (80 FR 31097) or the~~  
37 ~~finalized Part 438 of Title 42 of the Code of Federal Regulations,~~  
38 ~~if published prior to submission of the assessment design to the~~  
39 ~~federal Centers for Medicare and Medicaid Services.~~

40 ~~(g) The access assessment shall do all of the following:~~

1     ~~(1) Measure health plan compliance with network adequacy~~  
2 ~~requirements as set forth in the Knox-Keene Health Care Service~~  
3 ~~Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340)~~  
4 ~~of Division 2 of the Health and Safety Code) and Medicaid~~  
5 ~~managed care contracts, as applicable. The assessment shall~~  
6 ~~consider State Fair Hearing and IMR decisions, and grievances~~  
7 ~~and appeals or complaints data, and any other factors as selected~~  
8 ~~with input from the Advisory Committee.~~

9     ~~(2) Review encounter data, including a review of data from~~  
10 ~~subcapitated plans.~~

11     ~~(3) Measure health plan compliance with timely access~~  
12 ~~requirements, as set forth in the Knox-Keene Health Care Service~~  
13 ~~Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340)~~  
14 ~~of Division 2 of the Health and Safety Code) and Medicaid~~  
15 ~~managed care contracts using a sample of provider-level data on~~  
16 ~~the soonest appointment availability.~~

17     ~~(4) Review compliance with network adequacy requirements~~  
18 ~~for managed care plans, and other lines of business for primary~~  
19 ~~and core specialty care areas and facility access, as set forth in the~~  
20 ~~Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2~~  
21 ~~(commencing with Section 1340) of Division 2 of the Health and~~  
22 ~~Safety Code) and Medicaid managed care contracts, as applicable,~~  
23 ~~across the entire health plan network.~~

24     ~~(5) Applicable network adequacy requirements of the proposed~~  
25 ~~or final Notice of Proposed Rulemaking, as determined under the~~  
26 ~~approved access assessment design, that are not already required~~  
27 ~~under the Knox-Keene Health Care Service Plan Act of 1975~~  
28 ~~(Chapter 2.2 (commencing with Section 1340) of Division 2 of~~  
29 ~~the Health and Safety Code) shall be reviewed and reported on~~  
30 ~~against a metric range as identified by the department and approved~~  
31 ~~by the federal Centers for Medicare and Medicaid Services in the~~  
32 ~~access assessment design.~~

33     ~~(6) Determine health plan compliance with network adequacy~~  
34 ~~through reviewing information or data from a one-year period~~  
35 ~~using validated network data and utilize it for the time period~~  
36 ~~following conclusion of the preassessment stakeholder process but~~  
37 ~~no sooner than the second half of the 2016 calendar year in order~~  
38 ~~to ensure use of the highest quality data source available.~~

39     ~~(7) Measure managed care plan compliance with network~~  
40 ~~adequacy requirements within the department and managed care~~

1 ~~plan contract service areas using the Knox-Keene Health Care~~  
2 ~~Service Plan Act of 1975 (Chapter 2.2 (commencing with Section~~  
3 ~~1340) of Division 2 of the Health and Safety Code) and network~~  
4 ~~adequacy standards within Medicaid managed care contracts,~~  
5 ~~accounting for each of the following:~~

6 ~~(A) Geographic differences, including provider shortages at the~~  
7 ~~local, state, and national levels, as applicable.~~

8 ~~(B) Previously approved alternate network access standards, as~~  
9 ~~provided for under the Knox-Keene Health Care Service Plan Act~~  
10 ~~of 1975 (Chapter 2.2 (commencing with Section 1340) of Division~~  
11 ~~2 of the Health and Safety Code) and Medicaid managed care~~  
12 ~~contracts.~~

13 ~~(C) Access to in-network providers and out-of-network providers~~  
14 ~~separately, presented and evaluated separately, when determining~~  
15 ~~overall access to care.~~

16 ~~(D) The entire network of providers available to beneficiaries~~  
17 ~~as the state contractor plan level.~~

18 ~~(E) Other modalities used for accessing care, including~~  
19 ~~telemedicine.~~

20 ~~(h) The department shall post the initial draft report for a 30-day~~  
21 ~~public comment period after it has incorporated the feedback from~~  
22 ~~the advisory committee. The initial draft report shall be posted for~~  
23 ~~public comment no later than 10 months after the federal Centers~~  
24 ~~for Medicare and Medicaid Services approves the assessment~~  
25 ~~design.~~

26 ~~(i) The department shall also make publicly available the~~  
27 ~~feedback from the advisory committee at the same time it posts~~  
28 ~~the initial draft of the report.~~

29 ~~(j) The department shall submit the final access assessment~~  
30 ~~report to the federal Centers for Medicare and Medicaid Services~~  
31 ~~no later than 90 days after the initial draft report is posted for public~~  
32 ~~comment.~~

33 **SEC. 2.**

34 *SECTION 1.* Article 5.5 (commencing with Section 14184) is  
35 added to Chapter 7 of Part 3 of Division 9 of the Welfare and  
36 Institutions Code, to read:

Article 5.5. Medi-Cal 2020 Demonstration Project Act

14184. (a) This article shall be known, and may be cited, as the Medi-Cal 2020 Demonstration Project Act.

(b) The Legislature finds and declares all of the following:

(1) The implementation of the federal Patient Protection and Affordable Care Act (Public Law 111-148) and California’s “Bridge to Reform” Medicaid demonstration project have led to the expansion of Medi-Cal coverage to more than 13 million beneficiaries, driving health care delivery system reforms that support expanded access to care, as well as higher quality, efficiency, and beneficiary satisfaction.

(2) California’s “Medi-Cal 2020” Medicaid demonstration project, No. 11-W-00193/9, expands on these achievements by continuing to focus on expanded health care system capacity, better coordinated care, and aligned incentives within the Medi-Cal program in order to improve health outcomes for Medi-Cal beneficiaries, while simultaneously containing health care costs.

(3) Public safety net providers, including designated public hospitals *hospitals*, and nondesignated public hospitals, which are also known as district and municipal public hospitals, play an essential role in the Medi-Cal program, providing high-quality care to a disproportionate number of low-income Medi-Cal and uninsured populations in the state. Because Medi-Cal covers approximately one third of the state’s population, the strength of these essential health care systems and hospitals is of critical importance to the health and welfare of the people of California.

(4) As a component of the “Medi-Cal 2020” demonstration project, the Global Payment Program provides an opportunity to test an alternative payment model for the remaining uninsured that rewards value and supports providing care at the appropriate place and time, aligning incentives to enhance primary and preventive services for California’s remaining uninsured seeking care in participating public health care systems.

(5) As a component of the “Medi-Cal 2020” demonstration project, the Public Hospital Redesign and Incentives in Medi-Cal (PRIME) program seeks to improve health outcomes for patients served by participating entities by building on the delivery system transformation work from the “Bridge to Reform” demonstration project. Using evidence-based quality improvement methods, the

1 PRIME program is intended to be ambitious in scope in order to  
2 accelerate transformation in care delivery and maximize value for  
3 patients, providers, and payers. The PRIME program also seeks  
4 to strengthen the ability of designated public hospitals to  
5 successfully perform under risk-based alternative payment models  
6 (APMs) in the long term.

7 (6) As a component of the “Medi-Cal 2020” demonstration  
8 project, the Whole Person Care pilot program creates an  
9 opportunity for counties, Medi-Cal managed care plans, and  
10 community providers to establish a new model for integrated care  
11 delivery that incorporates health care needs, behavioral health, and  
12 social support for the state’s most vulnerable, high-user  
13 populations. The Whole Person Care pilot program encourages  
14 coordination among local partners to address the root causes of  
15 poor health outcomes, including immediate health needs and other  
16 factors, such as housing and recidivism, that impact a beneficiary’s  
17 health status.

18 (7) As a component of the “Medi-Cal 2020” demonstration  
19 project, the Dental Transformation Initiative creates innovative  
20 opportunities for the Medi-Cal Dental Program to improve access  
21 to dental care, continuity of care, and increase the utilization of  
22 preventive services aimed at reducing preventable dental conditions  
23 for Medi-Cal beneficiaries identified within the project.

24 (c) The implementation of the “Medi-Cal 2020” demonstration  
25 project, as set forth in this article, will support all of the following  
26 goals:

27 (1) Improving access to health care and health care quality for  
28 California’s Medi-Cal and uninsured populations.

29 (2) Promoting value and improving health outcomes for  
30 low-income populations.

31 (3) Supporting whole person care by better integrating physical  
32 health, behavioral health, and social support services for high-risk,  
33 high-utilizing Medi-Cal beneficiaries.

34 (4) Improving the capacity of public safety net providers that  
35 provide high-quality care to a disproportionate number of  
36 low-income patients with complex health needs in the state.

37 (5) Transitioning from a cost-based reimbursement system  
38 toward a reimbursement structure that incentivizes quality and  
39 value by financially rewarding ~~alternatives~~ *alternative* models of

1 care that support providers' ability to deliver care in the most  
2 appropriate and cost-effective manner to patients.

3 14184.10. For purposes of this article, the following definitions  
4 shall apply:

5 (a) "Demonstration project" means the California Medi-Cal  
6 2020 Demonstration, Number 11-W-00193/9, as approved by the  
7 federal Centers for Medicare and Medicaid Services, effective for  
8 the period from December 30, 2015, to December 31, 2020,  
9 inclusive, and any applicable extension period.

10 (b) "Demonstration term" means the entire period during which  
11 the demonstration project is in effect, as approved by the federal  
12 Centers for Medicare and Medicaid Services, including any  
13 applicable extension period.

14 (c) "Demonstration year" means the demonstration year as  
15 identified in the Special Terms and Conditions that corresponds  
16 to a specific period of time as set forth in paragraphs (1) to (6),  
17 inclusive. Individual programs under the demonstration project  
18 may be operated on program years that differ from the  
19 demonstration years identified in paragraphs (1) to (6), inclusive.

20 (1) Demonstration year 11 corresponds to the period of January  
21 1, 2016, to June 30, 2016, inclusive.

22 (2) Demonstration year 12 corresponds to the period of July 1,  
23 2016, to June 30, 2017, inclusive.

24 (3) Demonstration year 13 corresponds to the period of July 1,  
25 2017, to June 30, 2018, inclusive.

26 (4) Demonstration year 14 corresponds to the period of July 1,  
27 2018, to June 30, 2019, inclusive.

28 (5) Demonstration year 15 corresponds to the period of July 1,  
29 2019, to June 30, 2020, inclusive.

30 (6) Demonstration year 16 corresponds to the period of July 1,  
31 2020, to December 31, 2020, inclusive.

32 (d) "Dental Transformation Initiative" or "DTI" means the  
33 waiver program intended to improve oral health services for  
34 children, as authorized under the Special Terms and Conditions  
35 and described in Section 14184.70.

36 (e) "Designated state health program" shall have the same  
37 meaning as set forth in the Special Terms and Conditions.

38 (f) (1) "Designated public hospital" means any one of the  
39 following hospitals, and any successor or differently named  
40 hospital, which is operated by a county, a city and county, the

1 University of California, or special hospital authority described in  
2 Chapter 5 (commencing with Section 101850) or Chapter 5.5  
3 (commencing with Section 101852) of Part 4 of Division 101 of  
4 the Health and Safety Code, or any additional public hospital, to  
5 the extent identified as a “designated public hospital” in the Special  
6 Terms and Conditions. Unless otherwise provided for in law, in  
7 the Medi-Cal State Plan, or in the Special Terms and Conditions,  
8 all references in law to a designated public hospital as defined in  
9 subdivision (d) of Section 14166.1 shall be deemed to refer to a  
10 hospital described in this section effective as of January 1, 2016,  
11 except as provided in paragraph (2):  
12 (A) UC Davis Medical Center.  
13 (B) UC Irvine Medical Center.  
14 (C) UC San Diego Medical Center.  
15 (D) UC San Francisco Medical Center.  
16 (E) UCLA Medical Center.  
17 (F) Santa Monica/UCLA Medical Center, also known as the  
18 Santa Monica-UCLA Medical Center and Orthopaedic Hospital.  
19 (G) LA County Health System Hospitals:  
20 (i) LA County Harbor/UCLA Medical Center.  
21 (ii) LA County Olive View UCLA Medical Center.  
22 (iii) LA County Rancho Los Amigos National Rehabilitation  
23 Center.  
24 (iv) LA County University of Southern California Medical  
25 Center.  
26 (H) Alameda Health System ~~Hospitals~~ *Hospitals*, including the  
27 following:  
28 (i) Highland Hospital, including the Fairmont and John George  
29 Psychiatric facilities.  
30 (ii) Alameda Hospital  
31 (iii) San Leandro Hospital  
32 (I) Arrowhead Regional Medical Center.  
33 (J) Contra Costa Regional Medical Center.  
34 (K) Kern Medical Center.  
35 (L) Natividad Medical Center.  
36 (M) Riverside University Health System-Medical Center.  
37 (N) San Francisco General Hospital.  
38 (O) San Joaquin General Hospital.  
39 (P) San Mateo Medical Center.  
40 (Q) Santa Clara Valley Medical Center.

1 (R) Ventura County Medical Center.

2 (2) For purposes of the following reimbursement methodologies,  
3 the hospitals identified in clauses (ii) and (iii) of subparagraph (H)  
4 of paragraph (1) shall be deemed to be a designated public hospital  
5 as of the following effective dates:

6 (A) For purposes of the fee-for-service payment methodologies  
7 established and implemented under Section 14166.4, the effective  
8 date shall be the date described in paragraph (3) of subdivision (a)  
9 of Section 14184.30.

10 (B) For purposes of Article 5.230 (commencing with Section  
11 14169.50), the effective date shall be January 1, 2017.

12 (g) “Disproportionate share hospital provisions of the Medi-Cal  
13 State Plan” means those applicable provisions contained in  
14 Attachment 4.19-A of the California Medicaid state plan, approved  
15 by the federal Centers for Medicare and Medicaid Services, that  
16 implement the payment adjustment program for disproportionate  
17 share hospitals.

18 (h) “Federal disproportionate share hospital allotment” means  
19 the amount specified for California under Section 1396r-4(f) of  
20 Title 42 of the United States Code for a federal fiscal year.

21 (i) “Federal medical assistance percentage” means the federal  
22 medical assistance percentage applicable for federal financial  
23 participation purposes for medical services under the Medi-Cal  
24 State Plan pursuant to Section 1396b(a)(1) of Title 42 of the United  
25 States Code.

26 (j) “Global Payment Program” or “GPP” means the payment  
27 program authorized under the demonstration project and described  
28 in Section 14184.40 that assists participating public health care  
29 systems that provide health care for the uninsured and that  
30 promotes the delivery of more cost-effective, higher-value health  
31 care services and activities.

32 (k) “Nondesignated public hospital” means a public hospital as  
33 that term is defined in paragraph (25) of subdivision (a) of Section  
34 14105.98, excluding designated public hospitals.

35 (l) “Nonfederal share percentage” means the difference between  
36 100 percent and the federal medical assistance percentage.

37 (m) “PRIME” means the Public Hospital Redesign and  
38 Incentives in Medi-Cal program authorized under the  
39 demonstration project and described in Section 14184.50.

(n) “Total computable disproportionate share hospital allotment” means the federal disproportionate share hospital allotment for a federal fiscal year, divided by the applicable federal medical assistance percentage with respect to that same federal fiscal year.

(o) “Special Terms and Conditions” means those terms and conditions issued by the federal Centers for Medicare and Medicaid Services, including all attachments to those terms and conditions and any subsequent amendments approved by the federal Centers for Medicare and Medicaid Services, that apply to the demonstration project.

(p) “Uninsured” means an individual for whom there is no source of ~~third-party~~ *third-party* coverage for the health care services the individual receives, as determined pursuant to the Special Terms and Conditions.

(q) “Whole Person Care pilot program” means a local collaboration among local governmental agencies, Medi-Cal managed care plans, health care and behavioral health providers, or other community organizations, as applicable, that are approved by the department to implement strategies to serve one or more identified target populations, pursuant to Section 14184.60 and the Special Terms and Conditions.

14184.20. (a) Consistent with federal law, the Special Terms and Conditions, and this article, the department shall implement the Medi-Cal 2020 demonstration project, including, but not limited to, all of the following components:

(1) The Global Payment Program, as described in Section 14184.40.

(2) The Public Hospital Redesign and Incentives in Medi-Cal (PRIME) program, as described in Section 14184.50.

(3) The Whole Person Care pilot program, as described in Section 14184.60.

(4) The Dental Transformation Initiative, as described in Section 14184.70.

(b) In the event of a conflict between any provision of this article and the Special Terms and Conditions, the Special Terms and Conditions shall control.

(c) The department, as appropriate, shall consult with the designated public hospitals, district and municipal public hospitals, and other local governmental agencies with regard to the implementation of the components of the demonstration project

1 ~~described in~~ *under* subdivision (a) in which they will participate,  
2 including, but not limited to, the issuance of guidance pursuant to  
3 subdivision (d).

4 (d) Notwithstanding Chapter 3.5 (commencing with Section  
5 11340) of Part 1 of Division 3 of Title 2 of the Government Code,  
6 the department may implement, interpret, or make specific this  
7 article or the Special Terms and Conditions, in whole or in part,  
8 by means of all-county letters, plan letters, provider bulletins, or  
9 other similar instructions, without taking regulatory action. The  
10 department shall provide notification to the Joint Legislative  
11 Budget Committee and to the Senate Committees on  
12 Appropriations, Budget and Fiscal Review, and Health, and the  
13 Assembly Committees on Appropriations, Budget, and Health  
14 within 10 business days after the above-described action is taken.  
15 The department shall make use of appropriate processes to ensure  
16 that affected stakeholders are timely informed of, and have access  
17 to, applicable guidance issued pursuant to this authority, and that  
18 ~~such~~ *this* guidance remains publicly available until all payments  
19 related to the applicable demonstration component are finalized.

20 (e) For purposes of implementing this article or the Special  
21 Terms and Conditions, the department may enter into exclusive  
22 or nonexclusive contracts, or amend existing contracts, on a bid  
23 or negotiated basis. Contracts entered into or amended pursuant  
24 to this subdivision shall be exempt from Chapter 6 (commencing  
25 with Section 14825) of Part 5.5 of Division 3 of Title 2 of the  
26 Government Code and Part 2 (commencing with Section 10100)  
27 of Division 2 of the Public Contract Code, and shall be exempt  
28 from the review or approval of any division of the Department of  
29 General Services.

30 (f) The department shall conduct, or arrange to have conducted,  
31 any study, report, assessment, *including the access assessment*  
32 *described in Section 14184.80*, evaluation, or other similar  
33 demonstration project activity required under the Special Terms  
34 and Conditions.

35 (g) During the course of the demonstration term, the department  
36 shall seek any federal approvals it deems necessary to implement  
37 the demonstration project and this article. This shall include, but  
38 is not limited to, approval of any amendment, addition, or technical  
39 correction to the Special Terms and Conditions, and any associated  
40 state plan amendment, as deemed necessary. This article shall be

1 implemented only to the extent that any necessary federal approvals  
2 are obtained and federal financial participation is available and is  
3 not otherwise jeopardized.

4 (h) The director may modify any process or methodology  
5 specified in this article to the extent necessary to comply with  
6 federal law or the Special Terms and Conditions of the  
7 demonstration project, but only if the modification is consistent  
8 with the goals set forth in this article for the demonstration project  
9 project, and its individual ~~components~~ components, and does not  
10 significantly alter the relative level of support for participating  
11 entities. If the director, after consulting with those entities  
12 participating in the applicable demonstration project component  
13 and that would be affected by that modification, determines that  
14 the potential modification would not be consistent with the goals  
15 set forth in this article or would significantly alter the relative level  
16 of support for affected participating entities, *the modification shall*  
17 *not be made* and the director shall execute a declaration stating  
18 that this determination has been made. The director shall retain  
19 the declaration and provide a copy, within five working days of  
20 the execution of the declaration, to the fiscal and appropriate policy  
21 committees of the Legislature, and shall work with the affected  
22 participating entities and the Legislature to make the necessary  
23 statutory changes. The director shall post the declaration on the  
24 department's Internet Web site and the director shall send the  
25 declaration to the Secretary of State and the Legislative Counsel.

26 (i) In the event of a determination that the amount of federal  
27 financial participation available under the demonstration project  
28 is reduced due to the application of penalties set forth in the Special  
29 Terms and Conditions, the enforcement of the demonstration  
30 project's budget neutrality limit, or other similar occurrence, the  
31 department shall develop the methodology by which payments  
32 under the demonstration project shall be reduced, in consultation  
33 with the potentially affected participating entities and consistent  
34 with the standards and process specified in subdivision (h). To the  
35 extent feasible, those reductions shall protect the ability to claim  
36 the full amount of the total computable disproportionate share  
37 allotment through the Global Payment Program.

38 (j) During the course of the demonstration term, the department  
39 may work to develop potential successor payment methodologies  
40 that could continue to support entities participating in the

1 demonstration project following the expiration of the demonstration  
2 term and that further the goals set forth in this article and in the  
3 Special Terms and Conditions. The department shall consult with  
4 the entities participating in the payment methodologies under the  
5 demonstration project, affected stakeholders, and the Legislature  
6 in the development of any potential successor payment  
7 methodologies pursuant to this subdivision.

8 (k) The department may seek to extend the payment  
9 methodologies described in this article through demonstration year  
10 16 or to subsequent time periods by way of amendment or  
11 extension of the demonstration project, amendment to the Medi-Cal  
12 State Plan, or any combination thereof, consistent with the  
13 applicable federal requirements. This subdivision shall only be  
14 implemented after consultation with the entities participating ~~in~~  
15 ~~in~~, or affected ~~by~~ *by*, those methodologies, and only to the extent  
16 that any necessary federal approvals are obtained and federal  
17 financial participation is available and is not otherwise jeopardized.

18 (l) (1) Notwithstanding any other law, and to the extent  
19 authorized by the Special Terms and Conditions, the department  
20 may claim federal financial participation for expenditures  
21 associated with the designated state health programs identified in  
22 the Special Terms and Conditions for use solely by the department  
23 as specified in this subdivision.

24 (2) Any federal financial participation claimed pursuant to  
25 paragraph (1) shall be used to offset applicable General Fund  
26 expenditures. These amounts are hereby appropriated to the  
27 department and shall be available for transfer to the General Fund  
28 for this purpose.

29 (3) An amount of General Fund moneys equal to the federal  
30 financial participation that may be claimed pursuant to paragraph  
31 (1) is hereby appropriated to the Health Care Deposit Fund for use  
32 by the department.

33 14184.30. The following payment methodologies and  
34 requirements implemented pursuant to Article 5.2 (commencing  
35 with Section 14166) shall be applicable as set forth in this section.

36 (a) (1) For purposes of Section 14166.4, the references to  
37 “project year” and “successor demonstration year” shall include  
38 references to the demonstration term, as defined under this article,  
39 and to any extensions of the prior federal Medicaid demonstration

1 project entitled “California Bridge to Reform Demonstration  
2 (Waiver No. 11-W-00193/9).”

3 (2) The fee-for-service payment methodologies established and  
4 implemented under Section 14166.4 shall continue to apply with  
5 respect to designated public hospitals approved under the Medi-Cal  
6 State Plan.

7 (3) For the hospitals identified in clauses (ii) and (iii) of  
8 subparagraph (H) of paragraph (1) of subdivision (f) of Section  
9 14184.10, the department shall seek any necessary federal  
10 approvals to apply the fee-for-service payment methodologies  
11 established and implemented under Section 14166.4 to these  
12 identified hospitals—~~commencing~~ *effective* no earlier than the  
13 2016–17 state fiscal year. This paragraph shall be implemented  
14 only to the extent that any necessary federal approvals are obtained  
15 and federal financial participation is available and not otherwise  
16 jeopardized. Prior to the effective date of any necessary federal  
17 approval obtained pursuant to this paragraph, these identified  
18 hospitals shall continue to be considered nondesignated public  
19 hospitals for purposes of the fee-for-service methodology  
20 authorized pursuant to Section 14105.28 and the applicable  
21 provisions of the Medi-Cal State Plan.

22 (4) The department shall continue to make reimbursement  
23 available to qualifying hospitals that meet the eligibility  
24 requirements for participation in the supplemental reimbursement  
25 program for hospital facility construction, renovation, or  
26 replacement pursuant to Section 14085.5 and the applicable  
27 provisions of the Medi-Cal State Plan. The department shall  
28 continue to make inpatient hospital payments for services that were  
29 historically excluded from a hospital’s contract under the Selective  
30 Provider Contracting Program established under Article 2.6  
31 (commencing with Section 14081) in accordance with the  
32 applicable provisions of the Medi-Cal State Plan. These payments  
33 shall not duplicate or supplant any other payments made under  
34 this article.

35 (b) During the 2015–16 state fiscal year, and subsequent state  
36 fiscal years that commence during the demonstration term, payment  
37 adjustments to disproportionate share hospitals shall not be made  
38 pursuant to Section 14105.98, except as otherwise provided in this  
39 article. Payment adjustments to disproportionate share hospitals  
40 shall be made solely in accordance with this article.

(1) Except as otherwise provided in this article, the department shall continue to make all eligibility determinations and perform all payment adjustment amount computations under the disproportionate share hospital payment adjustment program pursuant to Section 14105.98 and pursuant to the disproportionate share hospital provisions of the Medi-Cal State Plan. For purposes of these determinations and computations, which include those made pursuant to Sections 14166.11 and 14166.16, all of the following shall apply:

(A) The federal Medicaid DSH reductions pursuant to Section 1396r-4(f)(7) of Title 42 of the United States Code shall be reflected as appropriate, including, but not limited to, ~~as the~~ *calculations* set forth in subparagraph (B) of paragraph (2) of subdivision (am) of Section 14105.98.

(B) Services that were rendered under the Low Income Health Program authorized pursuant to Part 3.6 (commencing with Section 15909) shall be included.

(2) (A) Notwithstanding Section 14105.98, the federal disproportionate share hospital allotment specified for California under Section 1396r-4(f) of Title 42 of the United States Code for each of federal fiscal years 2016 to 2021, inclusive, shall be aligned with the state fiscal year in which the applicable federal fiscal year commences, and shall be distributed solely for the following purposes:

(i) As disproportionate share hospital payments under the methodology set forth in applicable disproportionate share hospital provisions of the Medi-Cal State Plan, which, to the extent permitted under federal law and the Special Terms and Conditions, shall be limited to the following hospitals:

(I) Eligible hospitals, as determined pursuant to Section 14105.98 for each state fiscal year in which the particular federal fiscal year commences, that meet the definition of a public hospital, as specified in paragraph (25) of subdivision (a) of Section 14105.98, and that are not participating as GPP systems under the Global Payment Program.

(II) Hospitals that are licensed to the University of California, which meet the requirements set forth in Section 1396r-4(d) of Title 42 of the United States Code.

(ii) As a funding component for payments under the Global Payment Program, as described in subparagraph (A) of paragraph

1 (1) of subdivision (c) of Section 14184.40 and the Special Terms  
2 and Conditions.

3 (B) The distribution of the federal disproportionate share hospital  
4 allotment to hospitals described in this paragraph shall satisfy the  
5 state's payment obligations, if any, with respect to those hospitals  
6 under Section 1396r-4 of Title 42 of the United States Code.

7 (3) (A) During the 2015–16 state fiscal year and subsequent  
8 state fiscal years that commence during the demonstration term,  
9 a public entity shall not be obligated to make any intergovernmental  
10 transfer pursuant to Section 14163, and all transfer amount  
11 determinations for those state fiscal years shall be suspended.  
12 However, intergovernmental transfers shall be made with respect  
13 to the disproportionate share hospital payment adjustments made  
14 in accordance with clause (ii) of subparagraph (B) of paragraph  
15 (6), as applicable.

16 (B) During the 2015–16 state fiscal year and subsequent state  
17 fiscal years that commence during the demonstration term, transfer  
18 amounts from the Medi-Cal Inpatient Payment Adjustment Fund  
19 to the Health Care Deposit Fund, as described in paragraph (2) of  
20 subdivision (d) of Section 14163, are hereby reduced to zero.  
21 Unless otherwise specified in this article or the applicable  
22 provisions of Article 5.2 (commencing with Section 14166), this  
23 subparagraph shall be disregarded for purposes of the calculations  
24 made under Section 14105.98 during the 2015–16 state fiscal year  
25 and subsequent state fiscal years that commence during the  
26 demonstration term.

27 (4) (A) During the state fiscal years for which the Global  
28 Payment Program under Section 14184.40 is in effect, designated  
29 public hospitals that are participating GPP systems shall not be  
30 eligible to receive disproportionate share hospital payments  
31 pursuant to otherwise applicable disproportionate share hospital  
32 provisions of the Medi-Cal State Plan.

33 (B) Eligible hospitals described in clause (i) of subparagraph  
34 (A) of paragraph (2) that are nondesignated public hospitals shall  
35 continue to receive disproportionate share hospital payment  
36 adjustments as set forth in Section 14166.16.

37 (C) Hospitals described in clause (i) of subparagraph (A) of  
38 paragraph (2) that are licensed to the University of California shall  
39 receive disproportionate share hospital payments as follows:

1 (i) Subject to clause (iii), each hospital licensed to the University  
2 of California may draw and receive federal Medicaid funding from  
3 the applicable federal disproportionate share hospital allotment on  
4 the amount of certified public expenditures for the hospital's  
5 expenditures that are eligible for federal financial participation as  
6 reported in accordance with Section 14166.8 and the applicable  
7 disproportionate share hospital provisions of the Medi-Cal State  
8 Plan.

9 (ii) Subject to clause (iii) and to the extent the hospital meets  
10 the requirement in Section 1396r-4(b)(1)(A) of Title 42 of the  
11 United States Code regarding the Medicaid inpatient utilization  
12 rate or Section 1396r-4(b)(1)(B) of Title 42 of the United States  
13 Code regarding the low-income utilization rate, each hospital shall  
14 receive intergovernmental transfer-funded direct disproportionate  
15 share hospital payments as provided for under the applicable  
16 disproportionate share hospital provisions of the Medi-Cal State  
17 Plan. The total amount of these payments to the hospital, consisting  
18 of the federal and nonfederal components, shall in no case exceed  
19 that amount equal to 75 percent of the hospital's uncompensated  
20 Medi-Cal and uninsured costs of hospital services as reported in  
21 accordance with Section 14166.8.

22 (iii) Unless the provisions of subparagraph (D) apply, the  
23 aggregate amount of the federal disproportionate share hospital  
24 allotment with respect to payments for an applicable state fiscal  
25 year to hospitals licensed to the University of California shall be  
26 limited to an amount calculated as follows:

27 (I) The maximum amount of federal disproportionate share  
28 hospital allotment for the state fiscal year, less the amounts of  
29 federal disproportionate share hospital allotment associated with  
30 payments to nondesignated public hospitals under subparagraph  
31 (B) and other payments, if any, required to be made from the  
32 federal disproportionate share hospital allotment, shall be  
33 determined.

34 (II) For the 2015–16 state fiscal year, the amount determined  
35 in subclause (I) shall be multiplied by 26.296 percent, resulting in  
36 the maximum amount of the federal disproportionate share hospital  
37 allotment available as disproportionate share hospital payments  
38 for the state fiscal year to hospitals that are licensed to the  
39 University of California.

1 (III) For the 2016–17 state fiscal year, the amount determined  
2 in subclause (I) shall be multiplied by 24.053 percent, resulting in  
3 the maximum amount of the federal disproportionate share hospital  
4 allotment available as disproportionate share hospital payments  
5 for the state fiscal year to hospitals that are licensed to the  
6 University of California.

7 (IV) For the 2017–18 state fiscal year, the amount determined  
8 in subclause (I) shall be multiplied by 23.150 percent, resulting in  
9 the maximum amount of the federal disproportionate share hospital  
10 allotment available as disproportionate share hospital payments  
11 for the state fiscal year to hospitals that are licensed to the  
12 University of California.

13 (V) For each of the 2018–19 and 2019–20 state fiscal years, the  
14 amount determined in subclause (I) shall be multiplied by 21.896  
15 percent, resulting in the maximum amount of the federal  
16 disproportionate share hospital allotment available as  
17 disproportionate share hospital payments for the state fiscal year  
18 to hospitals that are licensed to the University of California.

19 (VI) To the extent the limitations set forth in this clause result  
20 in payment reductions for the applicable year, ~~such~~ *those* reductions  
21 will be applied pro rata, subject to clause (vii).

22 (iv) Each hospital licensed to the University of California shall  
23 receive quarterly interim payments of its disproportionate share  
24 hospital allocation during the applicable state fiscal year. The  
25 determinations set forth in clauses (i) to (iii), inclusive, shall be  
26 made on an interim basis prior to the start of each state fiscal year,  
27 except that the determinations for the 2015–16 state fiscal year  
28 shall be made as soon as practicable. The department shall use the  
29 same cost and statistical data used in determining the interim  
30 payments for Medi-Cal inpatient hospital services under Section  
31 14166.4, and available payments and uncompensated and uninsured  
32 cost data, including data from the Medi-Cal paid claims file and  
33 the hospital's books and records, for the corresponding period, to  
34 the extent permitted under the Medi-Cal ~~state plan~~. *State Plan*.

35 (v) No later than April 1 following the end of the relevant  
36 reporting period for the applicable state fiscal year, the department  
37 shall undertake an interim reconciliation of payments based on  
38 Medi-Cal, Medicare, and other cost, payment, discharge, and  
39 statistical data submitted by the hospital for the applicable state  
40 fiscal year, and shall adjust payments to the hospital accordingly.

1 (vi) Except as otherwise provided in this article, each hospital  
2 licensed to the University of California shall receive  
3 disproportionate share hospital payments subject to final audits of  
4 all applicable Medi-Cal, Medicare, and other cost, payment,  
5 discharge, and statistical data submitted by the hospital for the  
6 applicable state fiscal year.

7 (vii) Prior to the interim and final distributions of payments  
8 pursuant to clauses (iv) through (vi), inclusive, the department  
9 shall consult with the University of California, and implement any  
10 adjustments to the payment distributions for the hospitals as  
11 requested by the University of California, so long as the aggregate  
12 net effect of the requested adjustments for the affected hospitals  
13 is zero.

14 (D) With respect to any state fiscal year commencing during  
15 the demonstration term for which the Global Payment Program is  
16 not in effect, designated public hospitals that are eligible hospitals  
17 as determined pursuant to Section 14105.98, and hospitals  
18 described in clause (i) of subparagraph (A) of paragraph (2) that  
19 are licensed to the University of California, shall claim  
20 disproportionate share hospital payments in accordance with the  
21 applicable disproportionate share hospital provisions of the  
22 Medi-Cal State Plan. The allocation of federal Medicaid funding  
23 from the applicable federal disproportionate share hospital  
24 allotment shall be made in accordance with the methodology set  
25 forth in Section 14166.61.

26 (5) For each applicable state fiscal year during the demonstration  
27 term, eligible hospitals, as determined pursuant to Section  
28 14105.98, which are nonpublic hospitals, nonpublic-converted  
29 hospitals, and converted hospitals, as those terms are defined in  
30 paragraphs (26), (27), and (28), respectively, of subdivision (a) of  
31 Section 14105.98, shall continue to receive Medi-Cal  
32 disproportionate share hospital replacement payment adjustments  
33 pursuant to Section 14166.11 and other provisions of this article  
34 and applicable provisions of the Medi-Cal State Plan. The payment  
35 adjustments so provided shall satisfy the state's payment  
36 obligations, if any, with respect to those hospitals under Section  
37 1396r-4 of Title 42 of the United States Code. The provisions of  
38 subdivision (j) of Section 14166.11 shall continue to apply with  
39 respect to the 2015–16 state fiscal year and subsequent state fiscal  
40 years commencing during the demonstration term. Except as may

1 otherwise be required by federal law, the federal share of these  
2 payments shall not be claimed from the federal disproportionate  
3 share hospital allotment.

4 (6) The nonfederal share of disproportionate share hospital  
5 payments and disproportionate share hospital replacement payment  
6 adjustments described in paragraphs (4) and (5) shall be derived  
7 from the following sources:

8 (A) With respect to the payments described in subparagraph  
9 (B) of paragraph (4) that are made to nondesignated public  
10 hospitals, the nonfederal share shall consist solely of state General  
11 Fund appropriations.

12 (B) With respect to the payments described in subparagraph (C)  
13 or (D), as applicable, of paragraph (4) that are made to designated  
14 public hospitals, the nonfederal share shall consist of both of the  
15 following:

16 (i) Certified public expenditures incurred by the hospitals for  
17 hospital expenditures eligible for federal financial participation as  
18 reported in accordance with Section 14166.8.

19 (ii) Intergovernmental transfer amounts for direct  
20 disproportionate share hospital payments provided for under  
21 subparagraph (C) or (D) of paragraph (4) and the applicable  
22 disproportionate share hospital provisions of the Medi-Cal-state  
23 ~~plan~~ *State Plan*. A transfer amount shall be determined for each  
24 hospital that is eligible for these payments, equal to the nonfederal  
25 share of the payment amount established for the hospital. The  
26 transfer amount determined shall be paid by the hospital, or the  
27 public entity with which the hospital is affiliated, and deposited  
28 into the Medi-Cal Inpatient Payment Adjustment Fund established  
29 pursuant to subdivision (b) of Section 14163, as permitted under  
30 Section 433.51 of Title 42 of the Code of Federal Regulations or  
31 any other applicable federal Medicaid laws.

32 (C) With respect to the payments described in paragraph (5),  
33 the nonfederal share shall consist of state General Fund  
34 appropriations.

35 (7) The Demonstration Disproportionate Share Hospital Fund  
36 established in the State Treasury pursuant to subdivision (d) of  
37 Section 14166.9 shall be retained during the demonstration term.  
38 All federal funds received by the department with respect to the  
39 certified public expenditures claimed pursuant to subparagraph  
40 (C), and, as applicable in subparagraph (D), of paragraph (4) shall

1 be transferred to the fund and disbursed to the eligible designated  
2 public hospitals pursuant to those applicable provisions.  
3 Notwithstanding Section 13340 of the Government Code, moneys  
4 deposited in the fund shall be continuously appropriated, without  
5 regard to fiscal year, to the department solely for the purposes  
6 specified in this article.

7 (c) (1) Disproportionate share hospital payment allocations  
8 under Sections 14166.3 and 14166.61, and safety net care pool  
9 payment allocations under Section 14166.71, that were paid to  
10 designated public hospitals with respect to the period July 1, 2015,  
11 through October 31, 2015, or for subsequent periods pursuant to  
12 Section 14166.253, shall be reconciled to amounts payable to the  
13 hospitals under this article as set forth in this subdivision.

14 (2) The disproportionate share hospital payments and safety net  
15 care pool payments described in paragraph (1) that were paid to a  
16 designated public hospital participating in a GPP system under  
17 Section 14184.40 shall be deemed to be interim payments under  
18 the Global Payment Program for GPP program year 2015–16, and  
19 will be reconciled to and offset against the interim payment amount  
20 due to the GPP system under subparagraph (B) of paragraph (4)  
21 of subdivision (d) of Section 14184.40, consistent with the Special  
22 Terms and Conditions.

23 (3) The disproportionate share hospital payments described in  
24 paragraph (1) that were paid to designated public hospitals licensed  
25 to the University of California shall be reconciled to and offset  
26 against the disproportionate share hospital payments payable to  
27 the hospitals under subparagraph (C) of paragraph (4) of  
28 subdivision (b) for the 2015–16 state fiscal year.

29 (4) The safety net care pool payments described in paragraph  
30 (1) that were paid to designated public hospitals licensed to the  
31 University of California shall be recouped and included as available  
32 funding under the Global Payment Program for the 2015–16 GPP  
33 program year described in subparagraph (B) of paragraph (1) of  
34 subdivision (c) of Section 14184.40.

35 (d) During the 2015–16 state fiscal year, and subsequent state  
36 fiscal years that commence during the demonstration term, costs  
37 shall continue to be determined and reported for designated public  
38 hospitals in accordance with Sections 14166.8 and 14166.24,  
39 except as follows:

1 (1) (A) The provisions of subdivision (c) of Section 14166.8  
2 shall not apply.

3 (B) Notwithstanding subparagraph (A), the department may  
4 require the reporting of any data the department deems necessary  
5 to satisfy reporting requirements pursuant to the Special Terms  
6 and Conditions.

7 (2) The provisions of Sections 14166.221 and 15916 shall not  
8 apply with respect to any costs reported for the demonstration term  
9 pursuant to Section 14166.8.

10 (e) (1) Notwithstanding subdivision (h) of Section 14166.61  
11 and subdivision (c) of Section 14166.71, the disproportionate share  
12 hospital allocation and safety net care pool payment determinations  
13 and payments for the 2013–14 and 2014–15 state fiscal years shall  
14 be deemed final as of the April 30 that is 22 months following the  
15 close of the respective state fiscal year, to the extent permitted  
16 under federal law and subject to recoupment pursuant to  
17 subdivision (f) if it is later determined that federal financial  
18 participation is not available for any portion of the applicable  
19 payments.

20 (2) The determinations and payments shall be finalized using  
21 the best available data, including unaudited data, and reasonable  
22 current estimates and projections submitted by the designated  
23 public hospitals. The department shall accept all appropriate  
24 revisions to the data, estimates, and projections previously  
25 submitted, including revised cost reports, for purposes of this  
26 subdivision, to the extent these revisions are submitted in a timely  
27 manner as determined by the department.

28 (f) Upon receipt of a notice of disallowance or deferral from  
29 the federal government related to the certified public expenditures  
30 or intergovernmental transfers of a designated public hospital or  
31 governmental entity with which it is affiliated for disproportionate  
32 share hospital payments or safety net care pool payments claimed  
33 and distributed pursuant to ~~Section 14166.61 or 14166.61,~~  
34 14166.71, *or 15916* for the 2013–14 or 2014–15 state fiscal year,  
35 the department shall promptly notify the designated public hospitals  
36 and proceed as follows:

37 (1) To the extent there are additional certified public  
38 expenditures for the applicable state fiscal year for which federal  
39 funds have not been received, but for which federal funds could  
40 have been received had additional federal funds been available,

1 including any subsequently allowable expenditures for designated  
2 state health programs, the department shall first respond to the  
3 deferral or disallowance by substituting the additional certified  
4 public expenditures or allowable expenditures for those deferred  
5 or disallowed, consistent with the claiming optimization priorities  
6 set forth in Section 14166.9, in consultation with the designated  
7 public hospitals, but only to the extent that any necessary federal  
8 approvals are obtained or these actions are otherwise permitted by  
9 federal law.

10 (2) The department shall consult with the designated public  
11 hospitals and proceed in accordance with paragraphs (2) and (3)  
12 of subdivision (d) of Section 14166.24.

13 (3) If the department elects to appeal pursuant to paragraph (3)  
14 of subdivision (d) of Section 14166.24, the department shall not  
15 implement any recoupment of payments from the affected  
16 designated public hospitals, until a final disposition has been made  
17 regarding the deferral or disallowance, including the conclusion  
18 of applicable administrative and judicial review, if any.

19 (4) (A) Upon final disposition of the federal deferral or  
20 disallowance, the department shall determine the resulting  
21 aggregate repayment amount of federal funds for each affected  
22 state fiscal year.

23 (B) The department shall determine the ratio of the aggregate  
24 repayment amount to the total amount of the federal share of  
25 payments finalized and distributed pursuant to Sections 14166.61  
26 and 14166.71 and subdivision (e) for each affected state fiscal  
27 year, expressed as a percentage.

28 (5) Notwithstanding paragraph (1) of subdivision (d) of Section  
29 14166.24, the responsibility for repayment of the federal portion  
30 of any deferral or disallowance for each affected year shall be  
31 determined as follows:

32 (A) The provisions of subdivision (g) of Section 15916 shall be  
33 applied to determine the department's repayment responsibility  
34 amount with respect to any deferral or disallowance related to  
35 safety net care pool payments, which shall be in addition to  
36 amounts determined under subparagraph (E).

37 (B) Using the most recent data for the applicable fiscal year,  
38 and reflecting modifications to the applicable initial DSH claiming  
39 ability and initial SNCP claiming ability for individual hospitals  
40 resulting from the deferral or disallowance, the department shall

1 perform the calculations and determinations for each designated  
2 public hospital as set forth in Sections 14166.61 and 14166.71.  
3 For this purpose, the calculations and determinations shall assume  
4 no reduction in the available federal disproportionate share hospital  
5 allotment or in the amount of available safety net care pool  
6 payments as a result of the deferral or disallowance.

7 (C) For each designated public hospital, the revised  
8 determinations of disproportionate share hospital and safety net  
9 care pool payment amounts under subparagraph (B) shall be  
10 combined and compared to the combined disproportionate share  
11 hospital and safety net care pool payment amounts determined and  
12 received by the hospital pursuant to subdivision (e). For this  
13 purpose and purposes of subparagraph (D), the applicable data for  
14 designated public hospitals described in subparagraph (G) of  
15 paragraph (1) of subdivision (f) of Section 14184.10 shall be  
16 combined, and the applicable data for designated public hospitals  
17 described in subparagraphs (E) and (F) of paragraph (1) of  
18 subdivision (f) of Section 14184.10 shall be combined.

19 (D) (i) Subject to subparagraph (E), the repayment of the federal  
20 portion of the deferral of disallowance, less the department's  
21 responsibility amount for safety net care pool payments, if any,  
22 determined in subparagraph (A), shall be first allocated among  
23 each of those designated public hospitals for which the combined  
24 revised disproportionate share hospital and safety net care pool  
25 payments as determined in subparagraph (B) are less than the  
26 combined disproportionate share hospital and safety net care pool  
27 payment amounts determined and received pursuant to subdivision  
28 (e). Repayment shall be allocated under this initial stage among  
29 these hospitals pro rata on the basis of each hospital's relative  
30 reduction as reflected in the revised calculations performed under  
31 subparagraph (B), but in no case shall the allocation to a hospital  
32 exceed the limit in clause (iii). Repayment amounts that are not  
33 allocated due to this limitation shall be allocated pursuant to clause  
34 (ii).

35 (ii) Subject to subparagraph (E), any repayment amounts that  
36 were unallocated to hospitals due to the limitation in clause (iii)  
37 shall be allocated in a second stage among each of the remaining  
38 designated public hospitals that has not reached its applicable  
39 repayment limit, including the hospitals that were not subject to  
40 the allocations under clause (i), based pro rata on the amounts

1 determined and received by the hospital pursuant to subdivision  
2 (e), except that no repayment amount for a hospital shall exceed  
3 the limitation under clause (iii). The pro rata allocation process  
4 will be repeated in subsequent stages with respect to any repayment  
5 amounts that cannot be allocated in a prior stage to hospitals due  
6 to the limitation under clause (iii), until the entire federal repayment  
7 amount has been allocated among the hospitals.

8 (iii) The repayment amount allocated to a designated public  
9 hospital pursuant to this subparagraph shall not exceed an amount  
10 equal to the percentage of the combined payments determined and  
11 received by the hospital pursuant to subdivision (e) that is twice  
12 the percentage computed in subparagraph (B) of paragraph (4).

13 (E) Notwithstanding any other law, if the affiliated governmental  
14 entity for the designated public hospital is a county subject to the  
15 provisions of Article 12 (commencing with Section 17612.1) of  
16 Chapter 6 of Part 5, the department, in consultation with the  
17 affected designated public hospital, and the Department of Finance,  
18 shall determine how to account for whether any repayment amount  
19 determined for the designated public hospital pursuant to  
20 subparagraph (D) for the 2013–14 and 2014–15 state fiscal years  
21 would otherwise have affected, if at all, the applicable county’s  
22 redirection obligation for the applicable state fiscal year pursuant  
23 to paragraphs (4) and (5) of subdivision (a) of Section 17612.3  
24 and shall determine what adjustments, if any, are necessary to  
25 either the repayment amount or the applicable county’s redirection  
26 obligation. For purposes of this subparagraph, the provisions of  
27 subdivision (f) of Section 17612.2 and paragraph (7) of subdivision  
28 (e) of Section 101853 of the Health and Safety Code shall apply.

29 (g) The provisions of Article 5.2 (commencing with Section  
30 14166) shall remain in effect until all payments authorized pursuant  
31 to that article have been paid, finalized, and settled, and to the  
32 extent its provisions are retained for purposes of this article.

33 14184.40. (a) (1) The department shall implement the Global  
34 Payment Program authorized under the demonstration project to  
35 support participating public health care systems that provide health  
36 care services for the uninsured. Under the Global Payment  
37 Program, GPP systems receive global payments based on the health  
38 care they provide to the uninsured, in lieu of traditional  
39 disproportionate share hospital payments and safety net care pool

1 payments previously made available pursuant to Article 5.2  
2 (commencing with Section 14166).

3 (2) The Global Payment Program is intended to streamline  
4 funding sources for care for California's remaining uninsured  
5 population, creating a value-based mechanism to increase  
6 incentives to provide primary and preventive care services and  
7 other high-value services. The Global Payment Program supports  
8 GPP systems for their key role providing and promoting effective,  
9 higher value services to California's remaining uninsured.  
10 Promoting more cost-effective and higher value care means that  
11 the payment structure rewards the provision of care in more  
12 appropriate venues for patients, and will support structural changes  
13 to the care delivery system that will improve the options for treating  
14 both Medi-Cal and uninsured patients.

15 (3) Under the Global Payment Program, GPP systems will  
16 receive Global Payment Program payments calculated using an  
17 innovative value-based point methodology that incorporates  
18 measures of value for the patient in conjunction with the  
19 recognition of costs. To receive the full amount of Global Payment  
20 Program payments, a GPP system shall provide a threshold level  
21 of services, as measured in the point methodology described in  
22 paragraph (2) of subdivision (c), and based on the GPP system's  
23 historical volume, cost, and mix of services. This payment  
24 methodology is intended to support GPP systems that continue to  
25 provide services to the uninsured, while incentivizing the GPP  
26 systems to shift the overall delivery of services for the uninsured  
27 to provide more cost-effective, higher value care.

28 (4) The department shall implement and oversee the operation  
29 of the Global Payment Program in accordance with the Special  
30 Terms and Conditions and the requirements of this section, to  
31 maximize the amount of federal financial participation available  
32 to participating GPP systems.

33 (b) For purposes of this ~~section~~, *article*, the following definitions  
34 shall apply:

35 (1) "GPP system" means a public health care system that  
36 consists of a designated public hospital, as defined in subdivision  
37 (f) of Section 14184.10 but excluding the hospitals operated by  
38 the University of California, and its affiliated and contracted  
39 providers. Multiple designated public hospitals operated by a single

1 legal entity may belong to the same GPP system, to the extent set  
2 forth in the Special Terms and Conditions.

3 (2) “GPP program year” means a state fiscal year beginning on  
4 July 1 and ending on June 30 during which the Global Payment  
5 Program is authorized under the demonstration project, beginning  
6 with state fiscal year 2015–16, and, as applicable, each state fiscal  
7 year thereafter through 2019–20, and any years or partial years  
8 during which the Global Payment Program is authorized under an  
9 extension or successor to the demonstration.

10 (c) (1) For each GPP program year, the department shall  
11 determine the Global Payment Program’s aggregate annual limit,  
12 which is the maximum amount of funding available under the  
13 demonstration project for the Global Payment Program and which  
14 is the sum of the components described in subparagraphs (A) and  
15 (B). To the extent feasible, the aggregate annual limit shall be  
16 determined and made available by the department prior to the  
17 implementation of a GPP program year, and shall be updated and  
18 adjusted as necessary to reflect changes or adjustments to the  
19 amount of funding available for the Global Payment Program.

20 (A) A portion of the federal disproportionate share allotment  
21 specified for California under Section 1396r-4(f) of Title 42 of the  
22 United States Code shall be included as a component of the  
23 aggregate annual limit for each GPP program year. The amount  
24 of this portion shall equal the state’s total computable  
25 disproportionate share allotment reduced by the maximum amount  
26 of funding projected for payments pursuant to subparagraphs (B)  
27 and (C) of paragraph (4) of subdivision (b) of Section 14184.30  
28 to disproportionate share hospitals that are not participating in the  
29 Global Payment Program. For purposes of this determination, the  
30 federal disproportionate share allotment shall be aligned with the  
31 GPP program year in which the applicable federal fiscal year  
32 commences.

33 (B) The aggregate annual limit shall also include the amount  
34 authorized under the demonstration project for the uncompensated  
35 care component of the Global Payment Program for the applicable  
36 GPP program year, as determined pursuant to the Special Terms  
37 and Conditions.

38 (2) The department shall develop a methodology for valuing  
39 health care services and activities provided to the uninsured that  
40 achieves the goals of the Global Payment Program, including those

1 values set forth in subdivision (a) and as expressed in the Special  
2 Terms and Conditions. The points assigned to a particular service  
3 or activity shall be the same across all GPP systems. Points for  
4 specific services or activities may be increased or decreased over  
5 time as the Global Payment Program progresses, to incentivize  
6 appropriate changes in the mix of services provided to the  
7 uninsured. To the extent necessary, the department shall obtain  
8 federal approval for the methodology and any applicable changes  
9 to the methodology.

10 (3) For each GPP system, the department shall perform a  
11 baseline analysis of the GPP system's historical volume, cost, and  
12 mix of services to the uninsured to establish an annual threshold  
13 for purposes of the Global Payment Program. The annual threshold  
14 shall be measured in points established through the methodology  
15 developed pursuant to paragraph ~~(2)~~, (2) and as set forth in the  
16 Special Terms and Conditions.

17 (4) The department shall determine a pro rata allocation  
18 percentage for each GPP system by dividing the GPP system's  
19 annual threshold determined in paragraph (3) by the sum of all  
20 GPP systems' thresholds.

21 (5) For each GPP system, the department shall determine an  
22 annual budget the GPP system will receive if it achieves its  
23 threshold. A GPP system's annual budget shall equal the allocation  
24 percentage determined in paragraph (4) for the GPP system,  
25 multiplied by the Global Payment Program's aggregate annual  
26 limit determined in paragraph (1).

27 (6) In the event of a change in the aggregate annual limit, the  
28 department shall adjust and recalculate each GPP system's annual  
29 threshold and annual budget in proportion to changes in the  
30 aggregate annual limit calculated in paragraph (1) in accordance  
31 with the Special Terms and Conditions.

32 (d) The amount of Global Payment Program funding payable  
33 to a GPP system for a GPP program year shall be calculated as  
34 follows, subject to the Special Terms and Conditions:

35 (1) The full amount of a GPP system's annual budget shall be  
36 payable to the GPP system if the services it provided to the  
37 uninsured during the GPP program year, as measured and scored  
38 using the point methodology described under paragraph (2) of  
39 subdivision (c), meets or exceeds its threshold for a given year.

40 For GPP systems that do not achieve their threshold, the amount

1 payable to the GPP system shall equal its annual budget reduced  
2 by the proportion by which it fell short of its threshold.

3 (2) The department shall develop a methodology to redistribute  
4 unearned Global Payment Program funds for a given GPP program  
5 year to those GPP systems that exceeded their respective threshold  
6 for that same year. To the extent sufficient funds are available for  
7 all qualifying GPP systems, the GPP system's redistributed amount  
8 shall equal the GPP system's annual budget multiplied by the  
9 percentage by which the GPP system exceeded its threshold, and  
10 any remaining amounts of unearned funds will remain  
11 undistributed. If sufficient funds are unavailable to make all these  
12 payments to qualifying GPP systems, the amounts of these  
13 additional payments will be reduced for all qualifying GPP systems  
14 by the same proportion, so that the full amount of unearned Global  
15 Payment Program funds are redistributed. Redistributed payment  
16 amounts calculated pursuant to this paragraph shall be added to  
17 the amounts payable to a GPP system calculated pursuant to  
18 paragraph (1).

19 (3) The department shall specify a reporting schedule for  
20 participating GPP systems to submit an interim yearend report and  
21 a final reconciliation report for each GPP program year. The interim  
22 yearend report and the final reconciliation report shall identify the  
23 services the GPP system provided to the uninsured during the GPP  
24 program year, the associated point calculation, and the amount of  
25 payments earned by the GPP system prior to any redistribution.  
26 The method and format of the reporting shall be established by  
27 the department, consistent with the approved Special Terms and  
28 Conditions.

29 (4) Payments shall be made in the manner and within the  
30 timeframes as follows, except if one or more GPP systems fail to  
31 provide the intergovernmental transfer amount determined pursuant  
32 to subdivision (g) by the date specified in this paragraph, the  
33 timeframe for the associated payments shall be extended to the  
34 extent necessary to allow the department to timely process the  
35 payments. In no event, however, shall payment be delayed beyond  
36 21 days after all the necessary intergovernmental transfers have  
37 been made.

38 (A) Except as provided in subparagraph (B), for each of the first  
39 three quarters of a GPP program year the department shall notify  
40 GPP systems of their payment amounts and intergovernmental

1 transfer amounts and make a quarterly interim payment equal to  
2 25 percent of each GPP system's annual global budget to the GPP  
3 system.

4 (i) For quarters ending September 30, the payment amount and  
5 intergovernmental transfer amount notice shall be sent by  
6 September 15, intergovernmental transfers shall be due by  
7 September 22, and payments shall be made by October 15.

8 (ii) For quarters ending December 31, the payment amount and  
9 intergovernmental transfer amount notice shall be sent by  
10 December 15, intergovernmental transfers shall be due by  
11 December 22, and payments shall be made by January 15.

12 (iii) For quarters ending March 31, the payment amount and  
13 intergovernmental transfer amount notice shall be sent by March  
14 15, intergovernmental transfers shall be due by March 22, and  
15 payments shall be made by April 15.

16 (B) For the ~~2015-16~~ 2015-16 GPP program year, the department  
17 shall make the quarterly interim payments described in subdivision  
18 (a) in a single interim payment for the first three quarters as soon  
19 as practicable following approval of the Global Payment Program  
20 protocols as part of the Special Terms and Conditions and receipt  
21 of the associated intergovernmental transfers. The amount of this  
22 interim payment that is otherwise payable to a GPP system shall  
23 be reduced by the payments described in paragraph (2) of  
24 subdivision (c) of Section 14184.30 that were received by a  
25 designated public hospital affiliated with the GPP system.

26 (C) By September 15 following the end of each GPP program  
27 year, the department shall determine and notify each GPP system  
28 of the amount the GPP system earned for the GPP program year  
29 pursuant to paragraph (1) based on its interim yearend report, the  
30 amount of additional interim payments necessary to bring the GPP  
31 system's aggregate interim payments for the GPP program year  
32 to that amount, and the transfer amounts calculated pursuant to  
33 subdivision (g). If the GPP system has earned less than 75 percent  
34 of its annual budget, no additional interim payment will be made  
35 for the GPP program year. Intergovernmental transfer amounts  
36 shall be due by September 22 following the end of the GPP  
37 program year, and interim payments shall be made by October 15  
38 following the end of each GPP program year. All interim payments  
39 shall be subject to reconciliation after the submission of the final  
40 reconciliation report.

1 (D) By June 30 following the end of each GPP program year,  
2 the department shall review the final reconciliation reports and  
3 determine and notify each GPP system of the final amounts earned  
4 by the GPP system for the GPP program year pursuant to paragraph  
5 (1), as well as the redistribution amounts, if any, pursuant to  
6 paragraph (2), the amount of the payment adjustments or  
7 recoupments necessary to reconcile interim payments to those  
8 amounts, and the transfer amount pursuant to subdivision (g).  
9 Intergovernmental transfer amounts shall be due by July 14  
10 following the notification, and final reconciliation payments for  
11 the GPP program year shall be made no later than August 15  
12 following ~~such~~ *this* notification.

13 (e) The Global Payment Program provides a source of funding  
14 for GPP systems to support their ability to make health care  
15 activities and services available to the uninsured, and shall not be  
16 construed to constitute or offer health care coverage for individuals  
17 receiving services. Global Payment Program payments are not  
18 paid on behalf of specific individuals, and participating GPP  
19 systems may determine the scope, type, and extent to which  
20 services are available, to the extent consistent with the Special  
21 Terms and Conditions. The operation of the Global Payment  
22 Program shall not be construed to decrease, expand, or otherwise  
23 alter the scope of a county's obligations to the medically indigent  
24 pursuant to Part 5 (commencing with Section 17000) of Division  
25 9.

26 (f) The nonfederal share of any payments under the Global  
27 Payment Program shall consist of voluntary intergovernmental  
28 transfers of funds provided by designated public hospitals or  
29 affiliated governmental agencies or entities, in accordance with  
30 this section.

31 (1) The Global Payment Program Special Fund is hereby  
32 established in the State Treasury. Notwithstanding Section 13340  
33 of the Government Code, moneys deposited in the Global Payment  
34 Program Special Fund shall be continuously appropriated, without  
35 regard to fiscal years, to the department for the purposes specified  
36 in this section. All funds derived pursuant to this section shall be  
37 deposited in the State Treasury to the credit of the Global Payment  
38 Program Special Fund.

39 (2) The Global Payment Program Special Fund shall consist of  
40 moneys that a designated public hospital or affiliated governmental

1 agency or entity elects to transfer to the department for deposit  
2 into the fund as a condition of participation in the Global Payment  
3 Program, to the extent permitted under Section 433.51 of Title 42  
4 of the Code of Federal Regulations, the Special Terms and  
5 Conditions, and any other applicable federal Medicaid laws. Except  
6 as otherwise provided in paragraph (3), moneys derived from these  
7 intergovernmental transfers in the Global Payment Program Special  
8 Fund shall be used as the source for the nonfederal share of Global  
9 Payment Program payments authorized under the demonstration  
10 project. Any intergovernmental transfer of funds provided for  
11 purposes of the Global Payment Program shall be made as specified  
12 in this section. Upon providing any intergovernmental transfer of  
13 funds, each transferring entity shall certify that the transferred  
14 funds qualify for federal financial participation pursuant to  
15 applicable federal Medicaid laws and the Special Terms and  
16 Conditions, and in the form and manner as required by the  
17 department.

18 (3) The department shall claim federal financial participation  
19 for GPP payments using moneys derived from intergovernmental  
20 transfers made pursuant to this section, and deposited in the Global  
21 Payment Program Special Fund to the full extent permitted by law.  
22 The moneys disbursed from the fund, and all associated federal  
23 financial participation, shall be distributed only to GPP systems  
24 and the governmental agencies or entities to which they are  
25 affiliated, as applicable. In the event federal financial participation  
26 is not available with respect to a payment under this section and  
27 either is not obtained, or results in a recoupment of payments  
28 already made, the department shall return any intergovernmental  
29 transfer of funds *fund* amounts associated with the payment for  
30 which federal financial participation is not available to the  
31 applicable transferring entities within 14 days from the date of the  
32 associated ~~recoupment~~. *recoupment or other determination, as*  
33 *applicable.*

34 (4) As a condition of participation in the Global Payment  
35 Program, each designated public hospital or affiliated governmental  
36 agency or entity, agrees to provide intergovernmental transfer of  
37 funds necessary to meet the nonfederal share obligation as  
38 calculated under subdivision (g) for Global Payment Program  
39 payments made pursuant to this section and the Special Terms and  
40 Conditions. Any intergovernmental transfer of funds made pursuant

1 to this section shall be considered voluntary for purposes of all  
2 federal laws. No state General Fund moneys shall be used to fund  
3 the nonfederal share of any ~~global payment program~~ *Global*  
4 *Payment Program* payment.

5 (g) For each scheduled quarterly interim payment, interim  
6 yearend payment, and final reconciliation payment pursuant to  
7 subdivision (d), the department shall determine the  
8 intergovernmental transfer amount for each GPP system as follows:

9 (1) The department shall determine the amount of the quarterly  
10 interim payment, interim yearend payment, or final reconciliation  
11 payment, as applicable, that is payable to each GPP system  
12 pursuant to subdivision (d). For purposes of these determinations,  
13 the redistributed amounts described in paragraph (2) of subdivision  
14 (d) shall be disregarded.

15 (2) The department shall determine the aggregate amount of  
16 intergovernmental transfers necessary to fund the nonfederal share  
17 of the quarterly interim payment, interim yearend payment, or final  
18 reconciliation payment, as applicable, identified in paragraph (1)  
19 for all the GPP systems.

20 (3) With respect to each quarterly interim payment, interim  
21 yearend payment, or final yearend reconciliation payment, as  
22 applicable, an initial transfer amount shall be determined for each  
23 GPP system, calculated as the amount for the GPP system  
24 determined in paragraph (1), multiplied by the nonfederal share  
25 percentage, as defined in Section 14184.10, and multiplied by the  
26 applicable GPP system-specific IGT factor as follows:

27 (A) Los Angeles County Health System: 1.100.

28 (B) Alameda Health System: 1.137.

29 (C) Arrowhead Regional Medical Center: 0.923.

30 (D) Contra Costa Regional Medical Center: 0.502.

31 (E) Kern Medical Center: 0.581.

32 (F) Natividad Medical Center: 1.183.

33 (G) Riverside University Health System-Medical Center: 0.720.

34 (H) San Francisco General Hospital: 0.507.

35 (I) San Joaquin General Hospital: 0.803.

36 (J) San Mateo Medical Center: 1.325.

37 (K) Santa Clara Valley Medical Center: 0.706.

38 (L) Ventura County Medical Center: 1.401.

39 (4) The initial transfer amount for each GPP system determined  
40 under paragraph (3) shall be further adjusted as follows to ensure

1 that sufficient intergovernmental transfers are available to make  
2 payments to all GPP systems:

3 (A) With respect to each quarterly interim payment, interim  
4 yearend payment, or final reconciliation payment, as applicable,  
5 the initial transfer amounts for all GPP systems determined under  
6 paragraph (3) shall be added together.

7 (B) The sum of the initial transfer amounts in subparagraph (A)  
8 shall be subtracted from the aggregate amount of intergovernmental  
9 transfers necessary to fund the payments as determined in  
10 paragraph (2). The resulting positive or negative amount shall be  
11 the aggregate positive or negative intergovernmental transfer  
12 adjustment.

13 (C) Each GPP system-specific IGT factor, as specified in  
14 subparagraphs (A) to (L), inclusive, of paragraph (3) shall be  
15 subtracted from 2.000, yielding an IGT adjustment factor for each  
16 GPP system.

17 (D) The IGT adjustment factor calculated in subparagraph (C)  
18 for each GPP system shall be multiplied by the positive or negative  
19 amount in subparagraph (B), and multiplied by the allocation  
20 percentage determined for the GPP system in paragraph (4) of  
21 subdivision (c), yielding the amount to be added or subtracted from  
22 the initial transfer amount determined in paragraph (3) for the  
23 applicable GPP system.

24 (E) The transfer amount to be paid by each GPP system with  
25 respect to the applicable quarterly interim payment, interim yearend  
26 payment, or final reconciliation payment, shall equal the initial  
27 transfer amount determined in paragraph (3) as adjusted by the  
28 amount determined in subparagraph (D).

29 (5) Upon the determination of the redistributed amounts  
30 described in paragraph (2) of subdivision (d) for the final  
31 reconciliation payment, the department shall, with respect to each  
32 GPP system that exceeded its respective threshold, determine the  
33 associated intergovernmental transfer amount equal to the  
34 nonfederal share that is necessary to draw down the additional  
35 payment, and shall include this amount in the GPP system's  
36 transfer amount.

37 (h) The department may initiate audits of GPP systems' data  
38 submissions and reports, and may request supporting  
39 documentation. Any audits conducted by the department shall be  
40 complete within 22 months of the end of the applicable GPP

1 program year to allow for the appropriate finalization of payments  
2 to the participating GPP system, but subject to recoupment if it is  
3 later determined that federal financial participation is not available  
4 for any portion of the applicable payments.

5 (i) If the department determines, during the course of the  
6 demonstration term and in consultation with participating GPP  
7 systems, that the Global Payment Program should be terminated  
8 for subsequent years, the department shall terminate the Global  
9 Payment Program by notifying the federal Centers for Medicare  
10 and Medicaid Services in accordance with the timeframes specified  
11 in the Special Terms and Conditions. In the event of this type of  
12 termination, the department shall issue a declaration terminating  
13 the Global Payment Program and shall work with the federal  
14 Centers for Medicare and Medicaid Services to finalize all  
15 remaining payments under the Global Payment Program.  
16 Subsequent to the effective date for any termination accomplished  
17 pursuant to this subdivision, the designated public hospitals that  
18 participated in the Global Payment Program shall claim and receive  
19 disproportionate share hospital payments, if eligible, as described  
20 in subparagraph (D) of paragraph (4) of subdivision (b) of Section  
21 14184.30, but only to the extent that any necessary federal  
22 approvals are obtained and federal financial participation is  
23 available and not otherwise jeopardized.

24 (j) The department shall conduct, or arrange for, the two  
25 evaluations of the Global Payment Program methodology required  
26 pursuant to the Special Terms and Conditions.

27 14184.50. (a) (1) The department shall establish and operate  
28 the Public Hospital Redesign and Incentives in Medi-Cal (PRIME)  
29 program to build upon the foundational delivery system  
30 transformation work, expansion of coverage, and increased access  
31 to coordinated primary care achieved through the prior California's  
32 "Bridge to Reform" Medicaid demonstration project. The activities  
33 supported by the PRIME program are designed to accelerate efforts  
34 by participating PRIME entities to change care delivery to  
35 maximize health care value and strengthen their ability to  
36 successfully perform under risk-based alternative payment models  
37 in the long term and consistent with the demonstration's goals.  
38 Participating PRIME entities consist of two types of entities:  
39 designated public hospital systems and district and municipal  
40 public hospitals.

1 (2) Participating PRIME entities shall be eligible to earn  
2 incentive payments by undertaking projects set forth in the Special  
3 Terms and Conditions, for which there are required project metrics  
4 and targets. Additionally, a minimum number of required projects  
5 is specified for each designated public hospital system.

6 (3) The department shall provide participating PRIME entities  
7 the opportunity to earn the maximum amount of funds authorized  
8 for the PRIME program under the demonstration project. Under  
9 the demonstration project, funding is available for the designated  
10 public hospital systems and the district and municipal public  
11 hospitals through two separate pools. Subject to the Special Terms  
12 and Conditions, up to one billion four hundred million dollars  
13 (\$1,400,000,000) is authorized annually for the designated public  
14 hospital systems pool, and up to two hundred million dollars  
15 (\$200,000,000) is authorized annually for the district and municipal  
16 public hospitals pool, during the first three years of the  
17 demonstration project, with reductions to these amounts in the  
18 fourth and fifth years. *Except in those limited instances specifically*  
19 *authorized by the Special Terms and Conditions, the funding that*  
20 *is authorized for each respective pool shall only be available to*  
21 *participating PRIME entities within that pool.*

22 (4) PRIME payments shall be incentive payments, and are not  
23 payments for services otherwise reimbursable under the Medi-Cal  
24 program, nor direct reimbursement for expenditures incurred by  
25 participating PRIME entities in implementing reforms. PRIME  
26 incentive payments shall not offset payment amounts otherwise  
27 payable by the Medi-Cal program, or to and by Medi-Cal managed  
28 care plans for services provided to Medi-Cal beneficiaries, or  
29 otherwise supplant provider payments payable to PRIME entities.

30 (b) For purposes of this ~~section~~, *article*, the following definitions  
31 shall apply:

32 (1) “Alternative payment methodology” or “APM” means a  
33 payment made from a Medi-Cal managed care plan to a designated  
34 public hospital system for services covered for a beneficiary  
35 assigned to a designated public hospital system that meets the  
36 conditions set forth in the Special Terms and Conditions and  
37 approved by the department, as applicable.

38 (2) “Designated public hospital system” means a designated  
39 public hospital, as listed in the Special Terms and Conditions, and  
40 its affiliated governmental providers and contracted governmental

1 and nongovernmental entities that constitute a system with an  
2 approved project plan under the PRIME program. A single  
3 designated public hospital system may include multiple designated  
4 public hospitals under common government ownership.

5 (3) “District and municipal public hospitals” means those  
6 nondesignated public hospitals, as listed in the Special Terms and  
7 Conditions, that have an approved project plan under the PRIME  
8 program.

9 (4) “Participating PRIME entity” means a designated public  
10 hospital system or district and municipal public hospital  
11 participating in the PRIME program.

12 (5) “PRIME program year” means the state fiscal year beginning  
13 on July 1 and ending on June 30 during which the PRIME program  
14 is authorized, ~~which includes the 2015–16 state fiscal year, except~~  
15 *that the first PRIME program year shall commence on January 1,*  
16 *2016, and, as applicable, means each state fiscal year thereafter*  
17 *through the 2019–20 state fiscal year, and any years or partial years*  
18 *during which the PRIME program is authorized under an extension*  
19 *or successor to the demonstration.*

20 (c) (1) Within 30 days following federal approval of the  
21 protocols setting forth the PRIME projects, metrics, and funding  
22 mechanics, each participating PRIME entity shall submit a  
23 five-year PRIME project plan containing the specific elements  
24 required in the Special Terms and Conditions. The department  
25 shall review all five-year PRIME project plans and take action  
26 within 60 days to approve or disapprove each five-year PRIME  
27 project plan.

28 (2) Participating PRIME entities may modify projects or metrics  
29 in their five-year PRIME project plan, to the extent authorized  
30 under the demonstration project and approved by the department.

31 (d) (1) Each participating PRIME entity shall submit reports  
32 to the department twice a year demonstrating progress toward  
33 required metric targets. A standardized report form shall be  
34 developed jointly by the department and participating PRIME  
35 entities for this purpose. The mid-year report shall be due March  
36 31 of each PRIME program year, except that, for the 2015–16  
37 project year only, the submission of an acceptable five-year PRIME  
38 project plan in accordance with the Special Terms and Conditions  
39 shall constitute the submission of the mid-year report. The yearend

1 report shall be due September 30 following each PRIME program  
2 year.

3 (2) The submission of the project reports pursuant to paragraph  
4 (1) shall constitute a request for payment. Amounts payable to the  
5 participating PRIME entity shall be determined based on the  
6 achievement of the metric targets included in the mid-year report  
7 and yearend report, as applicable.

8 (3) Within 14 days following the submission of the mid-year  
9 and yearend reports, the department shall confirm the amounts  
10 payable to participating PRIME entities and shall issue requests  
11 to each participating PRIME entity for the intergovernmental  
12 transfer amounts necessary to draw down the federal funding for  
13 the applicable PRIME incentive payment to that entity.

14 (A) Any intergovernmental transfers provided for purposes of  
15 this section shall be deposited in the Public Hospital Investment,  
16 Improvement, and Incentive Fund established pursuant to Section  
17 14182.4 and retained pursuant to paragraph (1) of subdivision (f).

18 (B) Participating PRIME entities or their affiliated governmental  
19 agencies or entities shall make the intergovernmental transfer to  
20 the department within seven days of receiving the department's  
21 request. In the event federal approval for a payment is not obtained,  
22 the department shall return the intergovernmental transfer funds  
23 to the transferring entity within 14 days.

24 (C) PRIME payments to a participating PRIME entity shall be  
25 conditioned upon the department's receipt of the intergovernmental  
26 transfer amount from the applicable entity. If the intergovernmental  
27 transfer is made within the appropriate timeframe, the incentive  
28 payment shall be disbursed in accordance with paragraph (4),  
29 otherwise the payment shall be disbursed within 14 days of when  
30 the intergovernmental transfer is provided.

31 (4) Subject to paragraph (3), and except with respect to the  
32 2015–16 project year, amounts payable based on the mid-year  
33 reports shall be paid no later than April 30, and amounts payable  
34 based on the yearend report shall be paid no later than October 31.  
35 In the event of insufficient or misreported data, these payment  
36 deadlines may be extended up to 60 days to allow time for the  
37 reports to be adequately corrected for approval for payment. If  
38 corrected data is not submitted to enable payment to be made  
39 within the extended timeframe, the participating entity ~~will~~ *shall*  
40 not receive PRIME payment for the period in question. For the

1 2015–16 project year only, 25 percent of the annual allocation for  
2 the participating PRIME entity shall be payable within 14 days  
3 following the approval of the five-year PRIME project plan. The  
4 remaining 75 percent of the participating PRIME entity’s annual  
5 allocation shall be available following the 2015–16 year end report,  
6 subject to the requirements in paragraph (2) of subdivision (e).

7 (5) The department shall draw down the federal funding and  
8 pay both the nonfederal and federal shares of the incentive payment  
9 to the participating PRIME entity, to the extent federal financial  
10 participation is available.

11 (e) The amount of PRIME incentive payments payable to a  
12 participating PRIME entity shall be determined as follows:

13 (1) The department shall allocate the full amount of annual  
14 funding authorized under the PRIME project pools across all  
15 domains, projects, and metrics undertaken in the manner set forth  
16 in the Special Terms and Conditions. Separate allocations shall be  
17 determined for the designated public hospital system pool and the  
18 district and municipal hospital pool. The allocations shall determine  
19 the aggregate annual amount of funding that may be earned for  
20 each domain, project, and metric for all participating PRIME  
21 entities within the appropriate pool.

22 (A) The department shall allocate the aggregate annual amounts  
23 determined for each project and metric under the designated public  
24 hospital system pool among participating designated public hospital  
25 systems through an allocation methodology that takes into account  
26 available system-specific data, primarily based on the unique  
27 number of Medi-Cal beneficiaries treated, consistent with the  
28 Special Terms and Conditions. For the 2015–16 project year only,  
29 the approval of the five-year PRIME project plans for designated  
30 public hospital systems will be considered an appropriate metric  
31 target and will equal up to 25 percent of a designated public  
32 hospital system’s annual allocation for that year.

33 (B) The department shall allocate the aggregate annual amounts  
34 determined for each project and metric under the district and  
35 municipal public hospital system pool among participating district  
36 and municipal public hospital systems through an allocation  
37 methodology that takes into account available system-specific data  
38 that includes Medi-Cal and uninsured care, the number of projects  
39 being undertaken, and a baseline floor funding amount, consistent  
40 with the Special Terms and Conditions. For the 2015–16 project

1 year only, the approval of the five-year PRIME project plans for  
2 district and municipal public hospital systems will be considered  
3 an appropriate metric target and will equal up to 25 percent of a  
4 district and municipal public hospital system's annual allocation  
5 for that year.

6 (2) Amounts payable to each participating PRIME entity shall  
7 be determined using the methodology described in the Special  
8 Terms and Conditions, based on the participating PRIME entity's  
9 progress toward and achievement of the established metrics and  
10 targets, as reflected in the mid-year and yearend reports submitted  
11 pursuant to paragraph (1) of subdivision (d).

12 (A) Each participating PRIME entity shall be individually  
13 responsible for progress toward and achievement of project specific  
14 metric targets during the reporting period.

15 (B) The amounts allocated pursuant to subparagraphs (A) and  
16 (B) of paragraph (1) shall represent the amounts the designated  
17 public hospital system or district and municipal public hospital,  
18 as applicable, may earn through achievement of a designated  
19 project metric target for the applicable year, prior to any  
20 redistribution.

21 (C) Participating PRIME entities shall earn reduced payment  
22 for partial achievement at both the mid-year and yearend reports,  
23 as described in the Special Terms and Conditions.

24 (3) If, at the end of a project year, a project metric target is not  
25 fully met by a participating PRIME entity and that entity is not  
26 able to fully claim funds that otherwise would have been earned  
27 for meeting the metric target, participating PRIME entities shall  
28 have the opportunity to earn unclaimed funds under the  
29 redistribution methodology established under the Special Terms  
30 and Conditions. Amounts earned by a participating PRIME entity  
31 through redistribution shall be payable in addition to the amounts  
32 earned pursuant to paragraph (2).

33 (f) The nonfederal share of payments under the PRIME program  
34 shall consist of voluntary intergovernmental transfers of funds  
35 provided by designated public hospitals or affiliated governmental  
36 agencies or entities, or district and municipal public hospitals or  
37 affiliated governmental agencies or entities, in accordance with  
38 this section.

39 (1) The Public Hospital Investment, Improvement, and Incentive  
40 Fund, established in the State Treasury pursuant to Section 14182.4,

shall be retained during the demonstration term for purposes of making PRIME payments to participating PRIME entities. Notwithstanding *Section* 13340 of the Government Code, moneys deposited in the Public Hospital Investment, Improvement, and Incentive Fund shall be continuously appropriated, without regard to fiscal years, to the department for the purposes specified in this section. All funds derived pursuant to this section shall be deposited in the State Treasury to the credit of the Public Hospital Investment, Improvement, and Incentive Fund.

(2) The Public Hospital Investment, Improvement, and Incentive Fund shall consist of moneys that a designated public-hospital, *hospital* or affiliated governmental agency or entity, or a district and municipal *public* hospital-affiliated governmental agency or entity, elects to transfer to the department for deposit into the fund as a condition of participation in the PRIME program, to the extent permitted under Section 433.51 of Title 42 of the Code of Federal Regulations, the Special Terms and Conditions, and any other applicable federal Medicaid laws. Except as provided in paragraph (3), moneys derived from these intergovernmental transfers in the Public Hospital Investment, Improvement, and Incentive Fund shall be used as the nonfederal share of PRIME program payments authorized under the demonstration project. Any intergovernmental transfer of funds provided for purposes of the PRIME program shall be made as specified in this section. Upon providing any intergovernmental transfer of funds, each transferring entity shall certify that the transferred funds qualify for federal financial participation pursuant to applicable federal Medicaid laws and the Special Terms and Conditions, and in the form and manner as required by the department.

(3) The department shall claim federal financial participation for PRIME incentive payments using moneys derived from intergovernmental transfers made pursuant to this section and deposited in the Public Hospital Investment, Improvement, and Incentive Fund to the full extent permitted by law. The moneys disbursed from the fund, and all associated federal financial participation, shall be distributed only to participating PRIME entities and the governmental agencies or entities to which they are affiliated, as applicable. ~~Except in those limited instances specifically authorized in the Special Terms and Conditions, no~~ No moneys derived from intergovernmental transfers on behalf of

1 district and municipal public hospitals, including any associated  
2 federal financial participation, shall be used to fund PRIME  
3 payments to designated public hospital systems, and likewise, no  
4 moneys derived from intergovernmental transfers provided by  
5 designated public hospitals or their affiliated governmental  
6 agencies or entities, including any associated federal financial  
7 participation, shall be used to fund PRIME payments to district  
8 and municipal public hospitals. In the event federal financial  
9 participation is not available with respect to a payment under this  
10 section that results in a recoupment of funds from one or more  
11 participating PRIME entities, the department shall return any  
12 intergovernmental transfer fund amounts associated with the  
13 payment for which federal financial participation is not available  
14 to the applicable transferring entities within 14 days from the date  
15 of the associated ~~recoupment~~. *recoupment or other determination,*  
16 *as applicable.*

17 (4) This section shall not be construed to require a designated  
18 public hospital, a ~~non-designated public hospital~~, *district and*  
19 *municipal public hospital*, or any affiliated governmental agency  
20 or entity to participate in the PRIME program. As a condition of  
21 participation in the PRIME program, each designated public  
22 ~~hospital~~, *hospital* or affiliated governmental agency or entity, and  
23 each district and municipal *public* hospital-affiliated governmental  
24 agency or entity agrees to provide intergovernmental transfers of  
25 funds necessary to meet the nonfederal share obligation for any  
26 PRIME payments made pursuant to this section and the Special  
27 Terms and Conditions. Any intergovernmental transfers made  
28 pursuant to this section shall be considered voluntary for purposes  
29 of all federal laws.

30 (g) The department shall conduct, or arrange to have conducted,  
31 the evaluation of the PRIME program required by the Special  
32 Terms and Conditions.

33 (h) (1) PRIME incentive payments are intended to support  
34 designated public hospital systems in their efforts to change care  
35 delivery and strengthen those systems' ability to participate under  
36 an alternate payment methodology (APM). APMs shift some level  
37 of risk to participating designated public hospital systems through  
38 capitation and other risk-sharing agreements. Contracts entered  
39 into, issued, or renewed ~~on or after the effective date of the Special~~  
40 ~~Terms and Conditions~~ between managed care plans and

1 participating designated public hospital systems shall include  
2 language requiring the designated public hospital system to report  
3 on metrics to meet quality benchmark goals and to ensure improved  
4 patient outcomes, consistent with the Special Terms and  
5 Conditions.

6 (2) In order to promote and increase the level of value-based  
7 payments made to designated public hospital systems during the  
8 course of the demonstration term, the department shall issue an  
9 all-plan letter to Medi-Cal managed care plans that ~~will~~ *shall*  
10 promote and encourage positive system transformation. The  
11 department shall issue an activities plan supporting designated  
12 public hospital system efforts to meet those aggregate APM targets  
13 and requirements as provided in the Special Terms and Conditions.

14 (3) Designated public hospital systems shall contract with at  
15 least one Medi-Cal managed care plan in the service area where  
16 they operate using an APM methodology by January 1, 2018. If a  
17 designated public hospital system is unable to meet ~~the~~ *this*  
18 requirement and can demonstrate that it has made a good faith  
19 effort to contract with a Medi-Cal managed care plan in the service  
20 area that it operates in or a gap in contracting period occurs, the  
21 department has the discretion to waive this requirement.

22 (4) Designated public hospital systems and Medi-Cal managed  
23 care plans shall seek to strengthen their data and information  
24 sharing for purposes of identifying and treating applicable  
25 beneficiaries, including the timely sharing and reporting of  
26 beneficiary data, assessment, and treatment information. Consistent  
27 with the Special Terms and Conditions and the goals of the  
28 demonstration project, and notwithstanding any other state law,  
29 the department shall provide guidelines, state-level infrastructure,  
30 and other mechanisms to support this data and information sharing.

31 14184.60. (a) (1) The department shall establish and operate  
32 the Whole Person Care pilot program as authorized under the  
33 demonstration project to allow for the development of WPC pilots  
34 focused on target populations of high-risk, high-utilizing Medi-Cal  
35 beneficiaries in local geographic areas. The overarching goal of  
36 the program is the coordination of health, behavioral health, and  
37 social services, as applicable, in a patient-centered manner to  
38 improve beneficiary health and well-being through *a* more efficient  
39 and effective use of resources.

(2) The Whole Person Care (WPC) pilots shall provide an option to a county, a city and county, a health or hospital authority, or a consortium of any of the above entities serving a county or region consisting of more than one county, to receive support to integrate care for particularly vulnerable Medi-Cal beneficiaries who have been identified as high users of multiple systems and who continue to have or are at-risk of poor health outcomes. Through collaborative leadership and systematic coordination among public and private entities, pilot entities will identify common beneficiaries, share data between systems, coordinate care in real time, and evaluate individual and population progress in order to meet the goal of providing comprehensive coordinated care for the beneficiary resulting in better health outcomes.

(3) Investments in the localized pilots will build and strengthen relationships and systems infrastructure and will improve collaboration among WPC lead entities and WPC participating entities. The results of the WPC pilots will provide learnings for potential future local efforts beyond the term of the demonstration.

(4) WPC pilots shall include specific strategies to increase integration among local governmental agencies, health plans, providers, and other entities that serve high-risk, high-utilizing beneficiaries; increase coordination and appropriate access to care for the most vulnerable Medi-Cal beneficiaries; reduce inappropriate inpatient and emergency room utilization; improve data collection and sharing among local entities; improve health outcomes for the WPC target population; and may include other strategies to increase access to housing and supportive services.

(5) WPC pilots shall be approved by the department through the process outlined in the Special Terms and Conditions.

(6) Receipt of ~~whole person care~~ *Whole Person Care* services is voluntary. Individuals receiving these services shall agree to participate in the WPC pilot, and may opt out at any time.

(b) For purposes of this ~~section~~, *article*, the following definitions shall apply:

(1) “Medi-Cal managed care plan” means an organization or entity that enters into a contract with the department pursuant to Article 2.7 (commencing with Section 14087.3), Article 2.8 (commencing with Section 14087.5), Article 2.81 (commencing with Section 14087.96), Article 2.91 (commencing with Section 14089), or Chapter 8 (commencing with Section 14200).

1 (2) “WPC community partner” means an entity or organization  
2 identified as participating in the WPC pilot that has significant  
3 experience serving the target population within the pilot’s  
4 geographic area, including physician groups, community clinics,  
5 hospitals, and community-based organizations.

6 (3) “WPC lead entity” means the entity designated for a WPC  
7 pilot to coordinate the Whole Person Care pilot and to be the single  
8 point of contact for the department. WPC lead entities may be a  
9 county, a city and county, a health or hospital authority, a  
10 designated public hospital, a district and municipal public hospital,  
11 or an agency or department thereof, *a federally recognized tribe,*  
12 *a tribal health program operated under a Public Law 93-638*  
13 *contract with the federal Indian Health Service,* or a consortium  
14 of any of these entities.

15 (4) “WPC participating entity” means those entities identified  
16 as participating in the WPC pilot, other than the WPC lead entity,  
17 including other local governmental entities, agencies within local  
18 governmental entities, Medi-Cal managed care plans, and WPC  
19 community partners.

20 (5) “WPC target population” means the population or  
21 populations identified by a WPC pilot through a collaborative data  
22 approach across partnering entities that identifies common  
23 Medi-Cal high-risk, high-utilizing beneficiaries who frequently  
24 access urgent and emergency services, including across multiple  
25 systems. At the discretion of the WPC lead entity, and in  
26 accordance with guidance as may be issued by the department  
27 during the application process and approved by the department,  
28 the WPC target population may include individuals who are not  
29 Medi-Cal patients, subject to the funding restrictions in the Special  
30 Terms and Conditions regarding the availability of federal financial  
31 participation for services provided to these individuals.

32 (c) (1) WPC pilots shall have flexibility to develop financial  
33 and administrative arrangements to encourage collaboration with  
34 regard to ~~pilot activities~~, *activities* subject to the Special Terms  
35 and Conditions, the provisions of any WPC pilot agreements with  
36 the department, and the applicable provisions of state and federal  
37 law, and any other guidance issued by the department.

38 (2) The WPC lead entity shall be responsible for operating the  
39 WPC pilot, conducting ongoing monitoring of WPC participating  
40 entities, arranging for the required reporting, ensuring an

1 appropriate financial structure is in place, and identifying and  
2 securing a permissible source of the nonfederal share for WPC  
3 pilot payments.

4 (3) Each WPC pilot shall include, at a minimum, all of the  
5 following entities as WPC participating entities in addition to the  
6 WPC lead entity. If a WPC lead entity cannot reach an agreement  
7 with a required participant, the WPC lead entity may request an  
8 exception to this requirement from the department.

9 (A) At least one Medi-Cal managed care plan operating in the  
10 geographic area of the WPC pilot to work in partnership with the  
11 WPC lead entity when implementing the pilot specific to Medi-Cal  
12 managed care beneficiaries.

13 (B) The health services agency or agencies or department or  
14 departments for the geographic region where the WPC pilot  
15 operates, or any other public entity operating in that capacity for  
16 the county or city and county.

17 (C) The local entities, agencies, or departments responsible for  
18 specialty mental health services for the geographic area where the  
19 WPC pilot operates.

20 (D) At least one other public agency or department, which may  
21 include, but is not limited to, county alcohol and substance use  
22 disorder programs, human services agencies, public health  
23 departments, criminal justice or probation entities, and housing  
24 authorities, regardless of how many of these fall under the same  
25 agency head within the geographic area where the WPC pilot  
26 operates.

27 (E) At least two other community partners serving the target  
28 population within the applicable geographic area.

29 (4) The department shall enter into a pilot agreement with each  
30 WPC lead entity approved for participation in the WPC pilot  
31 program. The information and terms of the approved WPC pilot  
32 application shall become the pilot agreement between the  
33 department and the WPC lead entity submitting the application  
34 and shall set forth, at a minimum, the amount of funding that will  
35 be available to the WPC pilot and the conditions under which  
36 payments will be made, how payments may vary or under which  
37 the pilot program may be terminated or restricted. The pilot  
38 agreement shall include a data sharing agreement that is sufficient  
39 in scope for purposes of the WPC pilot, and an agreement regarding  
40 the provision of the nonfederal share. The pilot agreement shall

1 specify reporting of universal and variant metrics that shall be  
2 reported by the pilot on a timeline specified by the department and  
3 projected performance on them. The pilot agreement may include  
4 additional components and requirements as issued by the  
5 department during the application process. Modifications to the  
6 WPC pilot activities and deliverables may be made on an annual  
7 basis in furtherance of WPC pilot objectives, to incorporate  
8 learnings from the operation of the WPC pilot as approved by the  
9 department.

10 (5) Notwithstanding any other law, including, but not limited  
11 to, Section 5328 of this code, and Sections 11812 and 11845.5 of  
12 the Health and Safety Code, the sharing of health information,  
13 records, and other data with and among WPC lead entities and  
14 WPC participating entities shall be permitted to the extent  
15 necessary for the activities and purposes set forth in this section.  
16 This provision shall also apply to the sharing of health information,  
17 records, and other data with and among prospective WPC lead  
18 entities and WPC participating entities in the process of identifying  
19 a proposed target population and preparing an application for a  
20 WPC pilot.

21 (d) WPC pilots may target the focus of their pilot on individuals  
22 at risk of or ~~are~~ experiencing homelessness who have a  
23 demonstrated medical ~~need~~ *need, including behavioral health*  
24 *needs, for housing or supportive services, subject to the*  
25 *restrictions on funding contained in the Special Terms and*  
26 *Conditions.* In these instances, WPC participating entities may  
27 include local housing authorities, local continuum of care (CoCs)  
28 programs, community-based organizations, and others serving the  
29 homeless population as entities collaborating and participating in  
30 the WPC pilot. ~~These WPC pilot~~ housing interventions may include  
31 the following:

32 (1) Tenancy-based care management services. For purposes of  
33 this section, “tenancy-based care management services” means  
34 supports to assist the target population in locating and maintaining  
35 medically necessary housing. These services may include the  
36 following:

37 (A) Individual housing transition services, such as individual  
38 outreach and assessments.

39 (B) Individual housing and tenancy-sustaining services,  
40 including tenant and landlord education and tenant coaching.

1 (C) Housing-related collaborative activities, such as services  
2 that support collaborative efforts across public agencies and the  
3 private sector that assist WPC participating entities in identifying  
4 and securing housing for the target population.

5 (2) Countywide housing pools.

6 (A) ~~WPC participating entities pilots may include contributions~~  
7 ~~to establish~~ a countywide housing pool (housing pool) that will  
8 directly provide needed support for medically necessary housing  
9 services, with the goal of improving access to housing and reducing  
10 churn in the Medi-Cal population.

11 (B) The housing pool may be funded through WPC pilot  
12 payments or direct contributions from community ~~entities~~, *entities*,  
13 ~~or from State or local government and community entity~~  
14 ~~contributions to the housing pool shall be separate from federal~~  
15 ~~financial participation funds, government. WPC pilot payments~~  
16 ~~for the operation of a housing pool shall be subject to the~~  
17 ~~restrictions in the Special Terms and Conditions and other~~  
18 ~~applicable provisions of federal law. Housing pool funds that are~~  
19 ~~not WPC pilot payments shall be maintained separately from WPC~~  
20 ~~pilot payments, and may be allocated to fund support for long-term~~  
21 housing, including rental housing subsidies. The housing pool may  
22 leverage local resources to increase access to subsidized housing  
23 units. The housing pool may also incorporate a financing  
24 component to reallocate or reinvest a portion of the savings from  
25 the reduced utilization of health care services into the housing  
26 pool. As applicable to an approved WPC ~~pilot agreement, pilot,~~  
27 WPC investments in housing units or housing subsidies, including  
28 any payment for room and board, shall not *be* eligible for federal  
29 financial participation. ~~For purposes of this section, “room and~~  
30 ~~board” does not include those housing-related activities or services~~  
31 ~~participation, unless~~ recognized as reimbursable under federal  
32 Centers for Medicare and Medicaid Services policy.

33 (e) (1) Payments to WPC pilots shall be disbursed twice a year  
34 to the WPC lead entity following the submission of the reports  
35 required pursuant to subdivision (f), to the extent all applicable  
36 requirements are met. The amount of funding for each WPC pilot  
37 and the timing of the payments shall be specified by the department  
38 upon the department approving a WPC application, consistent with  
39 the Special Terms and Conditions. During the 2016 calendar year  
40 only, payments shall be available for the planning, development,

1 and submission of a successful WPC pilot application, including  
2 the submission of deliverables as set forth in the WPC pilot  
3 application and the WPC pilot annual report, to the extent  
4 authorized under the demonstration project and approved by the  
5 department.

6 (2) The department shall issue a WPC pilot application and  
7 selection criteria consistent with the Special Terms and Conditions,  
8 under which applicants shall demonstrate the ability to meet the  
9 goals of the WPC pilots as outlined in this section and the Special  
10 Terms and Conditions. The department shall approve applicants  
11 that meet the WPC pilot selection criteria established by the  
12 department, and shall allocate available funding to those approved  
13 WPC pilots up to the full amount of federal financial participation  
14 authorized under the demonstration project for WPC pilots during  
15 each calendar year from 2016 to 2020, inclusive, to the extent there  
16 are sufficient numbers of applications that meet the applicable  
17 criteria. In the event that otherwise unallocated federal financial  
18 participation is available after the initial award of WPC pilots, the  
19 department may solicit applications for the remaining available  
20 funds from WPC lead entities of approved WPC pilots or from  
21 additional applicants, including applicants not approved during  
22 the initial application process.

23 (3) In the event a WPC pilot does not receive its full annual  
24 payment amount, the WPC lead entity may request that the  
25 remaining funds be carried forward into the following calendar  
26 year, or may amend the scope of the WPC pilot, including, services,  
27 activities, or enrollment, for which this unallocated funding may  
28 be made available, subject to the Special Terms and Conditions  
29 and approval by the department. If the department denies a WPC  
30 lead entity request to carry forward unused funds and funds are  
31 not disbursed in this manner, the department may make the  
32 unexpended funds available for other WPC pilots or additional  
33 applicants not approved during the initial application process, to  
34 the extent authorized in the Special Terms and Conditions.

35 (4) Payments to the WPC pilot are intended to support  
36 infrastructure to integrate services among local entities that serve  
37 the WPC target population, to support the availability of services  
38 not otherwise covered or directly reimbursed by Medi-Cal to  
39 improve care for the WPC target population, and to foster other  
40 strategies to improve integration, reduce unnecessary utilization

1 of health care services, and improve health outcomes. WPC pilot  
2 payments shall not be considered direct reimbursement for  
3 expenditures incurred by WPC lead entities or WPC participating  
4 entities in implementing these strategies or reforms. WPC pilot  
5 payments shall not be considered payments for services otherwise  
6 reimbursable under the Medi-Cal program, and shall not offset or  
7 otherwise supplant payment amounts otherwise payable by the  
8 Medi-Cal program, including payments to and by Medi-Cal  
9 managed care plans, for Medi-Cal covered services.

10 (5) WPC pilots are not intended as, and shall not be construed  
11 to constitute, health care coverage for individuals receiving  
12 services, and WPC pilots may determine the scope, type, and extent  
13 to which services are available, to the extent consistent with the  
14 Special Terms and Conditions. For purposes of the WPC pilots,  
15 WPC lead entities shall be exempt from the provisions of Chapter  
16 2.2 (commencing with Section 1340) of Division 2 of the Health  
17 and Safety Code, and shall not be considered Medi-Cal managed  
18 care health plans subject to the requirements applicable to the  
19 two-plan model and geographic managed care plans, as contained  
20 in Article 2.7 (commencing with Section 14087.3), Article 2.81  
21 (commencing with Section 14087.96), and Article 2.91  
22 (commencing with Section 14089) of Chapter 7 of Part 3 and the  
23 corresponding regulations, and shall not be considered prepaid  
24 health plans, as defined in Section 14251.

25 (f) WPC lead entities shall submit mid-year and annual reports  
26 to the department, in accordance with the schedules and guidelines  
27 established by the department and consistent with the Special  
28 Terms and Conditions. No later than 60 days after submission, the  
29 department shall determine the extent to which pilot requirements  
30 were met and the associated interim or annual payment due to the  
31 WPC pilot.

32 (g) The department, in collaboration with WPC lead entities,  
33 shall facilitate learning collaboratives to allow WPC pilots to share  
34 information and lessons learned from the operation of the WPC  
35 pilots, best practices with regard to specific beneficiary populations,  
36 and strategies for improving coordination and data sharing among  
37 WPC pilot entities.

38 (h) The nonfederal share of any payments under the WPC pilot  
39 program shall consist of voluntary intergovernmental transfers of

1 funds provided by participating governmental agencies or entities,  
2 in accordance with this section and the terms of the pilot agreement.

3 (1) The Whole Person Care Pilot Special Fund is hereby  
4 established in the State Treasury. Notwithstanding *Section* 13340  
5 of the Government Code, moneys deposited in the Whole Person  
6 Care Pilot Special Fund pursuant to this section shall be  
7 continuously appropriated, without regard to fiscal years, to the  
8 department for the purposes specified in this section. All funds  
9 derived pursuant to this section shall be deposited in the State  
10 Treasury to the credit of the Whole Person Care Pilot Special Fund.

11 (2) The Whole Person Care Pilot Special Fund shall consist of  
12 moneys that a participating governmental agency or entity elects  
13 to transfer to the department into the fund as a condition of  
14 participation in the WPC pilot program, to the extent permitted  
15 under Section 433.51 of Title 42 of the Code of Federal  
16 Regulations, the Special Terms and Conditions, and any other  
17 applicable federal Medicaid laws. Except as provided in paragraph  
18 (3), moneys derived from these intergovernmental transfers in the  
19 Whole Person Care Pilot Special Fund shall be used as the  
20 nonfederal share of Whole Person Care pilot payments authorized  
21 under the demonstration project. Any intergovernmental transfer  
22 of funds provided for purposes of the WPC pilot program shall be  
23 made as specified in this section. Upon providing any  
24 intergovernmental transfer of funds, each transferring entity shall  
25 certify that the transferred funds qualify for federal financial  
26 participation pursuant to applicable federal Medicaid laws and the  
27 Special Terms and Conditions, and in the form and manner as  
28 required by the department.

29 (3) The department shall claim federal financial participation  
30 for WPC pilot payments using moneys derived from  
31 intergovernmental transfers made pursuant to this section and  
32 deposited in the Whole Person Care Pilot Special Fund to the full  
33 extent permitted by law. The moneys disbursed from the fund, and  
34 all associated federal financial participation, shall be distributed  
35 to WPC lead entities in accordance with paragraph (1) of  
36 subdivision (e). In the event federal financial participation is not  
37 available with respect to a payment under this section ~~that~~ *and*  
38 *either is not obtained, or* results in a recoupment of funds from  
39 one or more WPC lead entities, the department shall return any  
40 intergovernmental transfer fund amounts associated with the

1 payment for which federal financial participation is not available  
2 to the applicable transferring entities within 14 days from the date  
3 of the associated ~~recoupment~~. *recoupment or other determination,*  
4 *as applicable.*

5 (4) This section shall not be construed to require any local  
6 governmental agency or entity, or any other provider, plan, or  
7 similar entity, to participate in the WPC pilot program. As a  
8 condition of participation in the WPC pilot program, participating  
9 governmental agencies or entities agree to provide  
10 intergovernmental transfers of funds necessary to meet the  
11 nonfederal share obligation for any Whole Person Care ~~Pilot~~  
12 ~~Program~~ *pilot program* payment made pursuant to this section and  
13 the Special Terms and Conditions. Any intergovernmental transfer  
14 of funds made pursuant to this section shall be considered voluntary  
15 for purposes of all federal law. No state General Fund moneys  
16 shall be used to fund the nonfederal share of any WPC pilot  
17 program payment.

18 (i) The department shall conduct, or arrange to have conducted,  
19 the evaluations of the WPC pilot program required by the Special  
20 Terms and Conditions.

21 14184.70. (a) (1) The department shall implement the Dental  
22 Transformation Initiative, or DTI, in accordance with the Special  
23 Terms and Conditions, with the goal of improving the oral health  
24 care for Medi-Cal children 0 to 20, inclusive, years of age.

25 (2) The DTI is intended to improve the oral health care for  
26 Medi-Cal children with a particular focus on increasing the  
27 statewide proportion of qualifying children enrolled in the  
28 Medi-Cal Dental Program who receive a preventive dental service  
29 by 10 percentage points over a five-year period.

30 (3) The DTI includes the following four domains as outlined in  
31 the Special Terms and Conditions:

32 (A) Preventive Services.

33 (B) Caries Risk Assessment.

34 (C) Continuity of Care.

35 (D) Local Dental Pilot Projects.

36 (4) Under the DTI, incentive payments within each domain will  
37 be available to qualified providers who meet the requirements of  
38 the domain.

39 (b) For purposes of this ~~section~~, *article*, the following definitions  
40 shall apply:

1 (1) “DTI incentive payment” means a payment made to a eligible  
2 contracted service office location pursuant to the DTI component  
3 of the Special Terms and Conditions.

4 (2) “DTI pool” means the funding available under the Special  
5 Terms and Conditions for the purposes of the DTI program, as  
6 described in paragraph (1) of subdivision (c).

7 (3) “DTI program year” means a calendar year beginning on  
8 January 1 and ending on December 31 during which the DTI  
9 component is authorized under the Special Terms and Conditions,  
10 beginning with the 2016 calendar year, and, as applicable, each  
11 calendar year thereafter through 2020, and any years or partial  
12 years during which the DTI is authorized under an extension or  
13 successor to the demonstration project.

14 (4) “Safety net clinics” means centers or clinics that provide  
15 services defined under subdivision (a) or (b) of Section 14132.100  
16 that are eligible for DTI incentive payments in accordance with  
17 the Special Terms and Conditions. DTI incentive payments  
18 received by safety net clinics shall be considered separate and apart  
19 from either the Prospective Payment System reimbursement for  
20 federally qualified health centers or rural health centers, or  
21 Memorandum of Agreement reimbursement for Tribal Health  
22 Centers. Each safety net clinic office location shall be considered  
23 a dental service office location for purposes of the domains  
24 authorized by the Special Terms and Conditions.

25 (5) “Service office location” means the business, or pay-to  
26 address, in which the provider, which may be an individual,  
27 partnership, group, association, corporation, institution, or entity  
28 that provides dental services, renders dental services. This may  
29 include a provider that participates in either the dental  
30 fee-for-service or dental managed care Medi-Cal delivery systems.

31 (c) (1) The DTI shall be funded at a maximum of one hundred  
32 forty-eight million dollars (\$148,000,000) annually, and for five  
33 years totaling a maximum of seven hundred forty million dollars  
34 (\$740,000,000), except as provided in the Special Terms and  
35 Conditions. To the extent any of the funds associated with the DTI  
36 are not fully expended in a given DTI program year, those  
37 remaining prior DTI program year funds may be available for DTI  
38 payments in subsequent years, notwithstanding the annual limits  
39 stated in the Special Terms and Conditions. The department may  
40 earn additional demonstration authority, up to a maximum of ten

1 million dollars (\$10,000,000), to be added to the DTI Pool for use  
2 in paying incentives to qualifying providers under DTI by  
3 achieving higher performance improvement, as indicated in the  
4 Special Terms and Conditions.

5 (2) Providers in either the dental fee-for-service or dental  
6 managed care Medi-Cal delivery systems are permitted to  
7 participate in the DTI. The department shall make DTI incentive  
8 payments directly to eligible contracted service office locations.  
9 Incentive payments shall be issued to the service office location  
10 based on the services rendered at the location and that service  
11 office location's compliance with the criteria enumerated in the  
12 Special Terms and Conditions.

13 (3) Incentive payments from the DTI Pool are intended to  
14 support and reward eligible service office locations for  
15 achievements within one or more of the project domains. The  
16 incentive payments shall not be considered as a direct  
17 reimbursement for dental services under the Medi-Cal ~~state plan~~.  
18 *State Plan*.

19 (A) The department may provide DTI incentive payments to  
20 eligible service office locations on a semiannual or annual basis,  
21 or in a manner otherwise consistent with the Special Terms and  
22 Conditions.

23 (B) The department shall disburse DTI incentive payments to  
24 eligible service office locations that did not previously participate  
25 in Medi-Cal prior to the demonstration and that render preventive  
26 dental services during the demonstration to the extent the service  
27 office location meets or exceeds the goals specified by the  
28 department in accordance with the Special Terms and Conditions.

29 (C) Safety net clinics are eligible for DTI incentive payments  
30 specified in the Special Terms and Conditions. Participating safety  
31 net clinics shall be responsible for submitting data in a manner  
32 specified by the department for receipt of DTI incentive payments.  
33 Each safety net clinic office location shall be considered a dental  
34 service office location for purposes of specified domains outlined  
35 in the Special Terms and Conditions.

36 (D) Dental managed care provider service office locations are  
37 eligible for DTI incentive payments, as specified in the Special  
38 Terms and Conditions, and these payments shall be considered  
39 separate from payment received from a dental managed care plan.

1 (E) Service office locations shall submit all data in a manner  
2 acceptable to the department within one year from the date of  
3 service or by January 31 for the preceding year that the service  
4 was rendered, whichever occurs sooner, to be eligible for DTI  
5 incentive payments associated with that timeframe.

6 (d) The domains of the DTI are as follows:

7 (1) Increase Preventive Services Utilization for Children: this  
8 domain aims to increase the statewide proportion of qualifying  
9 children enrolled in Medi-Cal who receive a preventive dental  
10 service in a given year. The statewide goal is to increase the  
11 utilization among children enrolled in the dental fee-for-service  
12 and dental managed care delivery systems by at least 10 percentage  
13 points by the end of the demonstration.

14 (2) Caries Risk Assessment and Disease Management Pilot:

15 (A) This domain will initially only be available to participating  
16 service office locations in select pilot counties, designated by the  
17 department, as specified in the Special Terms and Conditions.  
18 Participating service office locations shall elect to be approved by  
19 the department to participate in this domain of the DTI program.  
20 To the extent the department determines the pilots to be successful,  
21 the department may seek to implement this domain on a statewide  
22 basis and subject to the availability of funding under the DTI Pool  
23 is available for this purpose.

24 (B) Medi-Cal dentists voluntarily participating in this pilot shall  
25 be eligible to receive DTI incentive payments for implementing  
26 preidentified treatment plans for children based upon that child  
27 beneficiary's risk level as determined by the service office location  
28 via a caries risk assessment, which shall include motivational  
29 interviewing and use of antimicrobials, as indicated. The  
30 department shall identify the criteria and preidentified treatment  
31 plans to correspond with the varying degrees of caries risk, low,  
32 moderate, and high, while the rendering provider ~~will~~ *shall* develop  
33 and implement the appropriate treatment plan based on the needs  
34 of the beneficiary.

35 (C) The department shall identify and select pilot counties  
36 through an analysis of counties with a high percentage of  
37 restorative services, a low percentage of preventive services, and  
38 indication of likely participation by enrolled service office  
39 locations.

(3) Increase continuity of care: A DTI incentive payment shall be paid to eligible service office locations ~~who~~ *that* have maintained continuity of care through providing examinations for their enrolled child beneficiaries under 21 years of age, as specified in the Special Terms and Conditions. The department shall begin this effort in select counties and shall seek to implement on a statewide basis if the pilot is determined to be successful and subject to the availability of funding under the DTI Pool. If successful, the department shall consider an expansion no sooner than nine months following the end of the second DTI program year.

(4) Local dental pilot projects (LDPPs): LDPPs shall address one or more of the three domains identified in paragraph (1), (2), or (3) through alternative local dental pilot projects, as authorized by the department pursuant to the Special Terms and Conditions.

(A) The department shall require local pilots to have broad-based provider and community support and collaboration, including engagement with tribes and Indian health programs, with DTI incentive payments available to the pilot based on goals and metrics that contribute to the overall goals of the domains described in paragraphs (1), (2), and (3).

(B) The department shall solicit proposals at the beginning of the demonstration and shall review, approve, and make DTI incentive payments to approved LDPPs in accordance with the Special Terms and Conditions.

(C) A maximum of 15 LDPPs shall be approved and no more than 25 percent of the total funding in the DTI pool shall be used for LDPPs.

(e) The department shall conduct, or arrange to have conducted, the evaluation of the DTI as required by the Special Terms and Conditions.

*14184.80. (a) Within 90 days of the effective date of the act that added this section, the department shall amend its contract with the external quality review organization (EQRO) currently under contract with the department and approved by the federal Centers for Medicare and Medicaid Services to complete an access assessment. This one-time assessment is intended to do all of the following:*

*(1) Evaluate primary, core specialty, and facility access to care for managed care beneficiaries based on the current health plan*

1 *network adequacy requirements set forth in the Knox-Keene Health*  
2 *Care Service Plan Act of 1975 (Chapter 2.2 (commencing with*  
3 *Section 1340) of Division 2 of the Health and Safety Code) and*  
4 *Medicaid managed care contracts, as applicable.*

5 *(2) Consider State Fair Hearing and Independent Medical*  
6 *Review (IMR) decisions, and grievances and appeals or complaints*  
7 *data.*

8 *(3) Report on the number of providers accepting new*  
9 *beneficiaries.*

10 *(b) The department shall submit to the federal Centers for*  
11 *Medicare and Medicaid Services for approval the access*  
12 *assessment design no later than 180 days after approval by the*  
13 *federal Centers for Medicare and Medicaid Services of the EQRO*  
14 *contract amendment.*

15 *(c) The department shall establish an advisory committee that*  
16 *will provide input into the structure of the access assessment. The*  
17 *EQRO shall work with the department to establish the advisory*  
18 *committee, which will provide input into the assessment structure,*  
19 *including network adequacy requirements and metrics, that should*  
20 *be considered.*

21 *(d) The advisory committee shall include one or more*  
22 *representatives of each of the following stakeholders to ensure*  
23 *diverse and robust input into the assessment structure and feedback*  
24 *on the initial draft access assessment report:*

25 *(1) Consumer advocacy organizations.*

26 *(2) Provider associations.*

27 *(3) Health plans and health plan associations.*

28 *(4) Legislative staff.*

29 *(e) The advisory committee shall do all of the following:*

30 *(1) Begin to convene within 60 days of approval by the federal*  
31 *Centers for Medicare and Medicaid Services of the EQRO contract*  
32 *amendment.*

33 *(2) Participate in a minimum of two meetings, including an*  
34 *entrance and exit event, with all events and meetings open to the*  
35 *public.*

36 *(3) Provide all of the following:*

37 *(A) Feedback on the access assessment structure.*

38 *(B) An initial draft access assessment report.*

39 *(C) Recommendations that shall be made available on the*  
40 *department's Internet Web site.*

1     (f) *The EQRO shall produce and publish an initial draft and a*  
2 *final access assessment report that includes a comparison of health*  
3 *plan network adequacy compliance across different lines of*  
4 *business. The report shall include recommendations in response*  
5 *to any systemic network adequacy issues, if identified. The initial*  
6 *draft and final report shall describe the state's current compliance*  
7 *with the access and network adequacy standards set forth in the*  
8 *Medicaid Managed Care proposed rule (80 FR 31097) or the*  
9 *finalized Part 438 of Title 42 of the Code of Federal Regulations,*  
10 *if published prior to submission of the assessment design to the*  
11 *federal Centers for Medicare and Medicaid Services.*

12     (g) *The access assessment shall do all of the following:*

13     (1) *Measure health plan compliance with network adequacy*  
14 *requirements as set forth in the Knox-Keene Health Care Service*  
15 *Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340)*  
16 *of Division 2 of the Health and Safety Code) and Medicaid*  
17 *managed care contracts, as applicable. The assessment shall*  
18 *consider State Fair Hearing and IMR decisions, and grievances*  
19 *and appeals or complaints data, and any other factors as selected*  
20 *with input from the Advisory Committee.*

21     (2) *Review encounter data, including a review of data from*  
22 *subcapitated plans.*

23     (3) *Measure health plan compliance with timely access*  
24 *requirements, as set forth in the Knox-Keene Health Care Service*  
25 *Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340)*  
26 *of Division 2 of the Health and Safety Code) and Medicaid*  
27 *managed care contracts using a sample of provider-level data on*  
28 *the soonest appointment availability.*

29     (4) *Review compliance with network adequacy requirements*  
30 *for managed care plans, and other lines of business for primary*  
31 *and core specialty care areas and facility access, as set forth in*  
32 *the Knox-Keene Health Care Service Plan Act of 1975 (Chapter*  
33 *2.2 (commencing with Section 1340) of Division 2 of the Health*  
34 *and Safety Code) and Medicaid managed care contracts, as*  
35 *applicable, across the entire health plan network.*

36     (5) *Applicable network adequacy requirements of the proposed*  
37 *or final Notice of Proposed Rulemaking, as determined under the*  
38 *approved access assessment design, that are not already required*  
39 *under the Knox-Keene Health Care Service Plan Act of 1975*  
40 *(Chapter 2.2 (commencing with Section 1340) of Division 2 of the*

1 *Health and Safety Code) shall be reviewed and reported on against*  
2 *a metric range as identified by the department and approved by*  
3 *the federal Centers for Medicare and Medicaid Services in the*  
4 *access assessment design.*

5 *(6) Determine health plan compliance with network adequacy*  
6 *through reviewing information or data from a one-year period*  
7 *using validated network data and utilize it for the time period*  
8 *following conclusion of the preassessment stakeholder process but*  
9 *no sooner than the second half of the 2016 calendar year in order*  
10 *to ensure use of the highest quality data source available.*

11 *(7) Measure managed care plan compliance with network*  
12 *adequacy requirements within the department and managed care*  
13 *plan contract service areas using the Knox-Keene Health Care*  
14 *Service Plan Act of 1975 (Chapter 2.2 (commencing with Section*  
15 *1340) of Division 2 of the Health and Safety Code) and network*  
16 *adequacy standards within Medicaid managed care contracts,*  
17 *accounting for each of the following:*

18 *(A) Geographic differences, including provider shortages at*  
19 *the local, state, and national levels, as applicable.*

20 *(B) Previously approved alternate network access standards,*  
21 *as provided for under the Knox-Keene Health Care Service Plan*  
22 *Act of 1975 (Chapter 2.2 (commencing with Section 1340) of*  
23 *Division 2 of the Health and Safety Code) and Medicaid managed*  
24 *care contracts.*

25 *(C) Access to in-network providers and out-of-network providers*  
26 *separately, presented and evaluated separately, when determining*  
27 *overall access to care.*

28 *(D) The entire network of providers available to beneficiaries*  
29 *as the state contractor plan level.*

30 *(E) Other modalities used for accessing care, including*  
31 *telemedicine.*

32 *(h) The department shall post the initial draft report for a 30-day*  
33 *public comment period after it has incorporated the feedback from*  
34 *the advisory committee. The initial draft report shall be posted for*  
35 *public comment no later than 10 months after the federal Centers*  
36 *for Medicare and Medicaid Services approves the assessment*  
37 *design.*

38 *(i) The department shall also make publicly available the*  
39 *feedback from the advisory committee at the same time it posts the*  
40 *initial draft of the report.*

1     (j) *The department shall submit the final access assessment*  
2     *report to the federal Centers for Medicare and Medicaid Services*  
3     *no later than 90 days after the initial draft report is posted for*  
4     *public comment.*

5     ~~SEC. 3.~~

6     SEC. 2. This act is an urgency statute necessary for the  
7     immediate preservation of the public peace, health, or safety within  
8     the meaning of Article IV of the Constitution and shall go into  
9     immediate effect. The facts constituting the necessity are:

10    In order to make changes to state-funded health care programs  
11    at the earliest possible time, it is necessary that this act take effect  
12    immediately.
